Reference: Docket No. 20190071-WS

Application for increase in water rates in Polk County by: Deer Creek RV Golf & Country Club, Inc.

Dear Chairman and Commissioners,

We are permanent residents of Deer Creek RV Golf & Country Club, Inc. in a 55+ community. We moved here in 2007 and at that point in time had a maintenance fee of \$107.00, today we pay \$238.25. The residents here are on fixed incomes and each increase becomes another burden.

Now that Deer Creek RV Golf & Country Club, Inc. has become a Utility Company and wants to raise water/sewer rated by 130 %, we hope you can see the propensity to continue the increase in fees; yet Social Security for the year 2020 will only increase 1.6%.

We hope you will vote NO on this exorbitant and excessive increase, which goes beyond normal limits. As you can understand we feel this increase is too great and will cause another financial burden on seniors that live here and opens the door for more excessive increases.

Your concern in this matter will be greatly appreciated, please give this your full attention and consider the number of senior citizens this will affect in Polk County.

Sincerely,

John R. Stichberry & Lillian F. Stichberry

2229 St. George Dr. Davenport, FL 33837
