Docket NO. 20190071-WS

Dear Commissioners,

I am writing to express our displeasure that Deer Creek RV & Country Club, Inc (Deer Creek) has filed for what appears to be a ridiculous increase in water and wastewater rates Docket NO. 20190071-WS.

Taken from your Rate Case Overview my water bill would increase by 365 % and the wastewater bill would increase by 43 %. My wife is retired and I am soon to be and we will be living on a fixed income, these increases will have a severe impact on our budget or may well effect my retirement.

We do not mind financial increases when they are needed but are reasonable. We understand that the commercial business up front including the tax office are not being charged by Deer Creek and they say they need more money while we the residents are to some extent paying for the water and wastewater of those businesses up front of our resort (the businesses between Deer Creek and Route 27) This is crazy why doesn't Deer Creek bill the businesses up front?

Our final thought to each of you is, would you want to pay for water and wastewater for businesses in your area?

We kindly ask that each our you vote no on this request.

Respectfully,

Hunter and Lorraine McKendree
