Clerk of the Florida Public Service Commission,

Reference Docket Number 20190071-WS

Our letter, attached, documents our opposition to the water and wastewater rate increase filing by Deer Creek RV & Country Club under Florida Public Service Commission Rate Case Overview Docket Number 20190071-WS.

If you have any questions or require any additional information, please feel free to contact me at any time.

Reference: Docket Number 20190071-WS

Dear Commissioners,

We are writing to express our disagreement with the Deer Creek RV & Country Club Inc. (Deer Creek), filing for an increase in our water and wastewater rates, through Docket Number 20190071-WS.

We do not consider rate increases improper when they are justified. Deer Creek cannot justify the need to place the burden for more funds with their residents when they are not billing the commercial businesses located between Deer Creek and Route 27?

It is rumored Landlord for these properties has leased the properties with the stipulation they would not have to individually pay for water and wastewater services. However so, there have been no payments from this property owner/manager.

The documents included in the Rate Case Overview detail an increase in the water bill from \$8.31 to \$30.44 and wastewater from \$22.50 to \$32.31. This is a 365% and 43% increase respectively.

We are retired and living on a fixed income, and this increase would greatly impact our financial status and budget.

In closing, to each of you, would you want to be required to pay for water and wastewater for commercial businesses in your personal areas?

Please vote no on this request.

Sincerely,

Bruce and Linda Byrne
