In re: Petition for approval of FPL  
SolarTogether program and tariff, by Florida  
Power & Light Company.

DOCKET NO. 20190061-EI  
ORDER NO. PSC-2020-0069-CFO-EI  
ISSUED: March 4, 2020

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR  
CONFIDENTIAL CLASSIFICATION OF INFORMATION PROVIDED IN RESPONSE TO  
STAFF'S FIRST SET OF INTERROGATORIES, NOS. 34, 96, and 147 (DOCUMENT NO.  
05668-2019)

On July 18, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of information contained in response to Staff's First Set of Interrogatories, Nos. 34, 96, and 147 (Document No. 05668-2019). This request was filed in Docket No. 20190061-EI.

Request for Confidential Classification

FPL contends that the information contained in FPL's responses to Staff's First Set of Interrogatories, Nos. 34, 96, and 147, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL contends that its responses to Staff's First Set of Interrogatories, Nos. 34, 96, and 147 relate to the competitive interests of FPL and its vendors, the disclosure of which would impair their competitive interests. Specifically, this information can be described as FPL's long term fuel price forecast which shows projections of commodity, transportation, and delivered fuel prices; annual probability values for different forecasted scenarios of carbon dioxide prices; and information about customer-owned solar facilities. This information was developed by third party vendors. FPL argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL's Request appears to contain information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05668-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Gary F. Clark, as Prehearing Officer, that Florida Power and Light Company's Request for Confidential Classification of Document No. 05668-2019 is granted. It is further

ORDERED that the information in Document No. 05668-2019, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power and Light Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Gary F. Clark, as Presiding Officer, this 4th day  
of March, 2020.
