FLORIDA PUBLIC UTILITIES COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION AND MOTION FOR TEMPORARY
PROTECTIVE ORDER

Florida Public Utilities Company ("FPUC" or "the Company"), pursuant to Section 366.093, Florida Statutes, and Rules 25-22.006(4) and (6), Florida Administrative Code, hereby submits this Request for Confidential Classification and Motion for Temporary Protective Order regarding certain material contained in its responses to OPC's 5th Requests for Production of Documents. In support of this Request, FPUC states as follows:

1. The documentation includes contains information regarding rates and terms in contracts with FPUC's vendors during the restoration efforts following Hurricane Michael. FPUC and these vendors treat this information as highly confidential, proprietary business information in accordance with agreed upon contract terms. If this information is publicly disclosed, such disclosure could harm the Company's business interests, as well as those of its vendor.
2. Subsection 366.093(1), Florida Statutes, provides that upon request, records received by the Commission which are "found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from s. 119.07(1)."
3. "Proprietary confidential business information" is defined as meaning "information, regardless of form or characteristics, which is owned or controlled by the ... company, is intended to be and is treated by the ... company as private in that the disclosure of the information would cause harm to the ratepayers or the company's business operations,

and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public." Section 366.093(3), Florida Statutes.

4. Proprietary confidential business information includes, but is not limited to, information concerning:
 - (a) Trade secrets.
 - (b) Internal auditing controls and reports of internal auditors.
 - (c) Security measures, systems, or procedures.
 - (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
 - (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
 - (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

Section 366.093(3), Florida Statutes.

5. The confidential portions of the referenced documents fall within these statutory definitions, and therefore constitute proprietary confidential business information entitled to protection under Section 366.093(d) Florida Statutes, and Rule 25-22.006, Florida Administrative Code. The information, which has been treated by FPUC as highly confidential and has not been publicly disclosed, constitutes information about payments made by FPUC pursuant to contract, which the parties treat as confidential in accordance with the terms of those contracts. This information, if disclosed, would not only impair the efforts of FPUC to compete for services, but would potentially place the Company in breach of contract. Furthermore, such disclosure could impair the Company's ability to contract for goods and services with other vendors on reasonable terms in the future. The information therein is therefore proprietary confidential business information and is

entitled to continued and ongoing protection under Section 366.093(d), Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

6. For these reasons, FPUC requests that the Commission grant confidential classification for the following referenced information. Given the size of certain documents and the extent of confidential information contained therein, the Company respectfully requests that certain documents provided on DVD be granted confidential classification in their entirety:

Response	Document - Location	Rationale
POD 32	OPC 97 Dorian Enercon Confidential	All monetary amounts on Schedule B (Summary of Expenses), all amounts each of the columns under "Rates" on Schedule C.2
POD 32	OPC 97 Michael Pike Electric Confidential	All monetary amounts on Schedule B (Summary of Expenses), all amounts each of the columns under "Rates" on Schedule C.2, and in the columns "ST" and "OT" on Scheduled C.1.

7. To the extent this information is also provided to OPC in response to their discovery request, the Company also asks that the Commission enter a Protective Order, pursuant to

Rule 25-22.006(6)(c), protecting this information from public disclosure to the extent it is being provided the Office of Public Counsel.

8. Rule 25-22.006(6)(c), Florida Administrative Code, provides in pertinent part, as follows, with respect to a utility allowing OPC to depose, inspect and/or take possession of the utility's information:

- a. [T]he utility may request a temporary protective order exempting the information from Section 119.07(1), Florida Statutes. If the information is to be used in a proceeding before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above. If the information is not to be used in a proceeding before the Commission, the Public Counsel shall return the information to the utility in accordance with the record retention requirements of the Department of State.

9. The information at issue falls squarely under Section 366.093(3)(d), Florida Statutes. Release of the referenced information as a public record would harm FPUC's business operations and ratepayers by impairing the Company's ability to effectively negotiate for goods and services. As such, FPUC requests that the Commission grant this Request for Confidential Classification and Motion for Protective Order

10. FPUC has been authorized by counsel for OPC to represent that OPC does not object to the granting of this motion but reserves the right to contest the confidentiality of the subject documents.

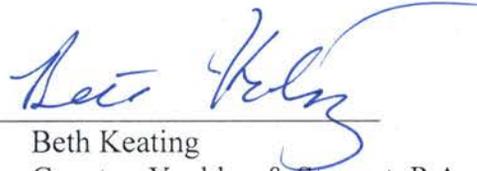

WHEREFORE, FPUC respectfully requests that the Commission grant the highlighted information described herein confidential classification and enter a protective order protecting the referenced information provided to OPC in response to Citizens' Fifth Requests for Production of

Docket No. 20190156-EI

Documents (Nos. 30-34) to the Company.

RESPECTFULLY SUBMITTED this 16th day of April, 2020.
