Re: Docket No. 20200121-EI: Petition for approval of revised customer specified lighting tariff, by Tampa Electric Company.

Dear Mr. Beasley and Ms. Brown:

By this letter, Commission staff requests that Tampa Electric Company (TECO) provide responses to the following data requests:

1. Paragraph 5 of the petition states that metered lighting in the LS-2 tariff is necessary to accommodate LS-1 metered customers who want to transfer to the LS-2 tariff. Please elaborate as to why and/or under what circumstances LS-1 customers would want to transfer to the LS-2 tariff.
2. Can TECO deny a customer's request to transfer from LS-1 tariff to the LS-2 tariff because of the condition and/or type existing lighting facilities? Please elaborate.
3. What are the advantages for a LS-1 tariff customer to transfer to the LS-2 tariff?
4. Please state separately the current number of customers taking service under the LS-1 and LS-2 tariffs.
5. Please state each type of customer currently taking service under the LS-1 and LS-2 tariffs.

James D. Beasley

6. Of the total LS-1 customers, approximately how many of those customers wish to transfer to the LS-2 tariff? Please provide any projections by year of the number and type of customers TECO anticipates will seek to transfer from the LS-1 to LS-2 tariff.
7. Paragraph 5 of the petition and criteria under Special Conditions on Tariff Sheet No. 6.830 indicate that TECO will take over ownership and maintenance of already metered lighting systems under the LS-2 tariff. Please discuss what criteria TECO will use to determine if it will take over and maintain the existing lighting facilities.
8. If an LS-1 customer who has transferred to the LS-2 tariff later desires to transfer back to the LS-1 tariff and take over maintenance of the lighting facilities, can the customer do so without any penalties? Please discuss the standards TECO will use to transfer the customer back to the LS-1 tariff and to calculate any penalty or other cost(s).
9. In the revised Tariff Sheet No. 6.830 under Special Conditions, a monthly Basic Charge of \$10.52 is indicated. However, in the LS-1 tariff, this charge is listed as a Basic Service Charge. Please correct what appears to be a scrivener's error.

Please file all responses electronically no later than May 5, 2020, via the Commission's website at www.floridapsc.com by selecting the Clerk's Office tab and Electronic Filing Web Form. Please contact me at sguffey@psc.state.fl.us or at 850.413.6204 if you have any questions.

Sincerely,

/s/Sevini Guffey
