Subject: Protect our solar rights! Docket: 2020-0000

Dear Florida Public Service Commission,

We invested in a Solar power system for our home to save money and reduce the green house gasses created when making the power that runs our home.

We entered into a contact with our monopoly power provider Duke Energy to net meter the energy we created. We cannot as homeowners change the terms of that contract. Please do not allow Duke Energy to change the terms of the contract.

Sincerely,
Dan Roberts
