Subject: Protect our solar rights! Docket: 2020-0000

Dear Florida Public Service Commission,

Let's use the greatest resource for energy in FL the sun!  
It's so positive for the environment AND a cost savings for the community.

People and businesses across the state rely on common sense solar policies to take control of their own energy, and choose how they power their lives.

Solar panels and batteries contribute to the resilience of the electric grid. As we enter hurricane season, Floridians need more tools – not less – in order to weather all the storms that are coming our way.

Please defend solar workers, business owners, and homeowners from additional uncertainty by preserving net metering here in Florida.

Sincerely,  
julie underhill  
632 Edgewater Dr Dunedin, FL 34698-6982
