Good Morning, Richard Brady

We will be placing your comments below in consumer correspondence in Docket No. 20200000-OT and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz
Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Subject: I support Solar Choice in the Sunshine State - Docket: 2020-0000

Dear Florida PSC Commissioners,

It will be a long time, if ever, before renewable energy will be more profitable than non-renewable energy. But profits do not drive policy. The good of Floridians and the American people do drive policy. The net metering program is undeniably a step in the right direction to make the shift towards renewable energy and in combatting climate change.

Please do not take a step back from positive progress because profits have not yet aligned. Industry's mindset is slow to change, but, with positive and persistent legislation, we can make massive strides as a society towards a better lifestyle for our children, and our children's children.

Please continue to support the net metering program.

Sincerely,
Richard Brady
