I do not understand why TECO Peoples Gas is requesting a rate increase. I currently pay \$19.01 per month just to have an account and my usage is less than my account fee. For the past two months my usage charge has been \$13.41 and my fee just to have an account is \$19.01. If TECO is approved for a rate increase of \$5.00 that will bring my account fee to \$24.00 close to double of my usage.

I would hope that there would be lower monthly account fees for customers such as myself who have little usage.

Thanks.
