Subject: Protect Net Metering - Docket: 2020-0000

Dear Florida PSC Commissioners,

Good Day,

I hope your are staying healthy during this challenging time.

I am writing you to request that you please keep Florida a leader in solar by preserving net metering.

I will consider joining the thousands of fellow homeowners who made significant financial investments in our home PV solar systems and bringing a lawsuit against the commission and any utilities that have been involved in this effort if this change is moved forward.

Please protect the opportunity for business and homeowners to generate clean solar power and support local jobs by preserving our successful net metering rules here in Florida.

Sincerely,
Anthony Barone
Naples, FL 34120
