Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Add your personal story here

We are a 75 year old retired couple who hope to live 20 years and this plan will provide no economic help to us but will be really be a pot of gold for the utilities and only no more than 5% of regular citizens.

Please reconsider this plan.

Sincerely,
Andy 7 Mary Bell
