Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Most of us are aware of the real price hikes involved - but now in the middle of a pandemic that will take years until 2022 to start really recovering from - what Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers..!

Sincerely,

Dr. L.G. Morris
