Subject:

Hello,

My name is Kristen with ReThink Energy Florida. With the COVID-19 still at large, many Florida residents are struggling to pay their utilities. During times like these, it is imperative that we help one another out since this pandemic affects us all. I am emailing you today to stress my opposition towards electric power disconnections for residents who are struggling during the pandemic. I advise you to consider Docket #20200219-EI which petitions to initiate emergency rulemaking to prevent electric utility shutoffs. I urge you to take action as this is affecting the lives of many.

Respectfully,
Kristen Harold
