Subject: Protect our solar rights! Docket: 2020-0000

Dear Florida Public Service Commission,

Floridians all benefit when solar is used to power their electricity. The benefits come in the form of cleaner air, less GHG emissions, local jobs. ALL SOLAR IS GOOD SOLAR.

The utilities are expanding their solar installations rapidly but have a long, long way to go to reach 50 or 75%.

Homeowners who install solar play a key role in the solar rollout. NET METERING makes a reasonable payback of 8 to 12 years possible. If you take away that incentive, you slow the TRANSFORMATION to solar. And we can't slow down.

Look into the eyes of the children. The stake for them and their children couldn't be higher. We must workNOW to make solar adoption proceed as quickly as possible.

LEAVE NET METERING POLICY ALONE.

Mary Dipboye

Founder of the first solar co-operative for homeowners in Florida(2015) Vice Chair, Winter Park Utility Advisory Board
Co-chair, Florida League of Women Voters Make Florida #1 in Solar Campaign Solar Homeowner(2015)
