I am writing in regards to yet another request for an increase in rates by Utilities, Inc. of Florida.

The rates they are charging have increased by over 120% in the last 7 years. They are now asking for an additional 17%-30% increase in their rates.

As both a homeowner and a business owner serviced by Utilities, Inc. I find this request to be outrageous! My personal and business income has not increased by 17% and most certainly not by 30%. The continued gouging of their customers by this utility service needs to be stopped!

I respectfully ask that you do not approve this latest request by Utilities, Inc. of Florida for unreasonable pricing of their services.
