CUSTOMER COMMENTS

when we moved into our home in 2005, our water bill was \$70 per mth for a family of three. Now, 15 years later, we are a family of two, our utility company has been purchased by a Canadian Company and our water bill was \$299 last month. I do 5 loads of laundry a week, we eat off paper plates to reduce the need to wash dishes and we rarely water our lawn... and we do not have any water leaks. When will this end! Rarely does the Public Service Commission rarely stand up for the public. With the Covid Pandemic going on and a poor economy - you'd think that this request to raise rates would be denied. Enough, is enough!
