CUSTOMER COMMENTS

We recently purchased these 7 vacant lots. At this point, they are all vacant, however, we will be building on one in the near future.

We would like to have the service increased until such time as a home is built on the lot. We are already paying some charges for having water available for future development, however, considering we are not using the water, or utilities, it seems unjust to charge us the increase at this time.

We will be happy to comply with the normal residential rates when we will be actually using the services. We would appreciate you taking this into consideration and granting an exemption, at this time.

FOLD & TAPE - See back for address

for the above (7) mentioned lots. Thank you -
