CUSTOMER COMMENTS

A rate increase is not appropriate for the following reason:
This water utility charges a significant amount of money for sewer when the home owner uses "house" water to water the grass. This water does not flow into the sewer, consequently, this charge is bogus and just a way for this company to make more money. Other ^(water) utility in other counties (example - POLK) do not fraudulently charge for sewer usage when the sewer is clearly not being used.
