| When we purchased our home in April, 2014, our monthly bill from Utilities, Inc. averaged \$2,900+ per month. Since then, it has more than doubled to \$40.00+ per month. The proposed increase will result in a monthly bill of some \$100.00 per month. My wife and I live on a fixed income and we believe the proposed increase is exorbitant. The need for such significant increases suggests poor management on the part of the Utility. |
