CUSTOMER COMMENTS

Dear Commissioners,

PLEASE do not approve the Utilities, Inc. application for YET ANOTHER increase in our water and wastewater rates.

Over the past few years, since taking over our local water utility company, Utilities, Inc. has been granted several increases to the point where our rates are already more than double what they were just five years ago.

The current request, once again in the name of upgrades and improvements, will add an estimate 10% to our water bill and more than 30% (!) to our wastewater bill. Please Help! Turn them Down!
