Recommendation: Yes, the Commission should approve FCG’s proposed new RNGS tariff and modifications to its current Volume No. 10 tariffs, effective January 5, 2021. The RNGS tariff would provide FCG with an opportunity to provide biogas conditioning services to interested customers and the utility demonstrated a reasonable approach to implementing the tariff. A participating customer would enter into an agreement with FCG and all capital and operating costs associated with the RNG cleaning and conditioning facility will be borne by the customer over the life of the contract.
