RE: Docket NO. 20200139 – WS
Summertree Resident – Customer Comment Forms

RECEIVED-FPSC
JAN 11 PM 2:28
COMMISSION
CLERK

Please accept the enclose **1,327*** Customer Comment Forms from the Summertree community residents. Since we, the Summertree residents and member of the Summertree Water Alliance, have to keep social distancing for safety and health reasons, we decided to put a packet of comments together to address our concerns with Utilities, Inc of Florida's current rate request.

There are four (4) Comments Forms with varying comments:

Form 1: 339 Customer Comment Signatures regarding these issues:

Address UIF requested permanent increase for water & wastewater charges, comparison of Pasco County rate increase, request for increase in REO from 11.4% to 11.75%

Form 2: 345 Customer Comment signatures regarding Pass Through and Indexing Revenue

We have received \$1,743,324 increases for pass through and index fees between the rate requests.

Form 3: 340 Customer Comment signatures regarding Transparency Issue & COVID-19 Restrictions

- Lack of Transparency for Consent Order by DEP
- Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficulties.

Form 4: 303 Additional Comments about the Rate Increase and other concerns.

TOTAL CUSTOMER COMMENT FORS ENCLOSED: 1,327*

Some Summertree who were snowbirds and season residents mailed or faxed their comment forms directly.

Thank you for the opportunity to have our comments heard.

Application for increase in water and wastewater rates in Charlotte, Highlands, Lake, Lee,

TO: Summertree Residents
FROM: Ann Marie Ryan, Leader
Summertree Water Alliance Taskforce
727-267-7162 / amr329@hotmail.com
DATE: December 28, 2020
RE: Utilities Inc. of Florida Water/Wastewater Rate Increase

=====

I am the leader of the **Summertree Water Alliance Taskforce** (not affiliated with the Summertree Recreation Facility) has been in existence since 2010 working together with elected official, municipal departments and age, and agencies, and Summertree residents to gather and distribute information about Utilities Inc. of Florida (UIF) issues to the residents. Our unity has had a positive impact when standing up to UIF issues and rate increases before the Public Service Commission.

UTILITIES INC. NOTICE OF CHANGE IN DISINFECTION TO CHLORINE DIOXIDE

We all received three notices in the past two months, two of them from Utilities Inc. of Florida (UIF). The first UIF notice was undated but mailed on October 6, 2020 and delivered on October 9, 2020. It explained that, with the approval of the Florida Department of Environmental Protection (FDEP), UIF was going to be using our community for a pilot study to test chlorine dioxide as an oxidant in our water. The test is to determine if using this will "optimize and maintain the amount of residual chlorine present throughout Summertree's water distribution system by reducing the amount of biofilm present in the interior of the piping network". The pilot study was scheduled to begin on October 7, 2020 and run for at least 90 days. An extension of "an additional 90 days could occur with FDEP's approval if warranted and requested". Their letter included their usual cautions for people on dialysis or who have aquariums.

Summertree residents were not contacted prior to the start of the UIF's Chlorine Dioxide Pilot Study for consent or to survey residents regarding health considerations. Not sure what effects these chemicals and procedures may have on our health over time.

UTILITIES, INC. OF FLORIDA's RATE INCREASE NOTICE: The second letter from UI was dated October 30, 2020 (received November 2) and was the "Initial Customer Notice", Docket No. 20200139-WS, which tells us that they are asking the FL Public Service Commission (PSC) for another increase in our water and sewer rates "because the existing rates do not provide sufficient revenues to cover the required expenses of operations on a going-forward basis and fair return on the Utility's investment in used and useful property for the public use, including pro forma projects".

FL Public Service Commission: A follow up letter from the FL PSC Commission dated November 19, 2020) was the Notice of Customer Service Hearing and Technical Hearing. Because of COVID, the PSC Customer Service Hearing will be virtual meetings. As stated, there were hearing held on December 7 at 11AM and December 10 2PM and 6PM; Wednesday, January 6 at 10 :00 AM and January 7, 2021 at 6:00 PM.

PUBLIC SERVICE COMMISSION CUSTOMER HEARING INFORMATION:

1. **Deadline to Register:** Wednesday, December 30, 2020
Email the PSC at speakersignup@psc.state.fl.us or call 850-413-7080.
All customers who want to speak at the hearing must be registered 5 days prior to the hearing.
2. **Customer Hearing Dates:** Wednesday, January 6 @ 10:00 am
and Thursday, January 7 @ 6:00 pm
3. We strongly urge you to participate by calling the PSC by December 30th. If you choose not to call into the hearing, PLEASE fill out the three attached Utilities, Inc. of Florida Customer Comment forms to provide input from the Summertree community residents. Failure to participate is a silent endorsement of UIF's exorbitant water and wastewater rate increases. Let your voice be heard opposing the rate increase and the introduction of chlorine dioxide pilot study without our consent and the need for customer input going forward. Thank you, Ann Marie Ryan

1. **Deadline to Register:** Wednesday, December 30, 2020
Email the PSC at speakersignup@psc.state.fl.us or call 850-413-7080.

All customers who want to speak at the hearing must be registered 5 days prior to the hearing.

2. **Customer Hearing Dates:** Wednesday, January 6 @ 10:00 am
and Thursday, January 7 @ 6:00 pm
3. We strongly urge you to participate by calling the PSC by December 30th. If you choose not to call into the hearing, PLEASE fill out the three attached Utilities, Inc. of Florida Customer Comment forms to provide input from the Summertree community residents. Failure to participate is a silent endorsement of UIF's exorbitant water and wastewater rate increases. Let your voice be heard opposing the rate increase and the introduction of chlorine dioxide pilot study without our consent and the need for customer input going forward. Thank you, Ann Marie Ryan

It is my desire to serve the Beacon Lakes community so as to provide a beautiful and safe place for seniors to live, either full or part-time, as they invest their time and finances in sunny Florida. Others have worked hard to provide us a secluded and pleasant place to enjoy our nice tropical climate. It is my desire to help make it even better.

Check [☒] UIF requested permanent revenue increase for water and wastewater:

- ☒ 1) 16.7% water increase = \$2,812,445 produces annual income of \$19,416,373
- ☒ 2) 32.12% wastewater increase = \$6,521,686 produces annual income of \$26,827,568
- ☒ 3) Pasco County Utilities 2020 increase was 2% water/2% wastewater respectively.
- ☒ 4) UIF request increase Rate of Return of Equity (ROE) from 10.4% to 11.75%
- ☒ 5) UIFs ROE request is egregious.

Additional Comments: People on fixed INCOME cannot afford
such a steep INCREASE.

Check [☒] UIF requested permanent ~~revenue~~ increase for water and wastewater:

1) 16.7% water increase = \$2,812,445 produces annual income of \$19,416,373

2) 32.12% wastewater increase = \$6,521,686 produces annual income of \$26,827,568

3) Pasco County Utilities 2020 increase was 2% water/2% wastewater respectively.

4) UIF request increase Rate of Return of Equity (ROE) from 10.4% to 11.75%

5) UIFs ROE request is egregious.

Additional Comments: We all need a raise but this
is almost Black mail. % wise

TO: Summertree Residents
FROM: Ann Marie Ryan, Leader
Summertree Water Alliance Taskforce
727-267-7162 / amr329@hotmail.com
DATE: December 28, 2020
RE: Utilities Inc. of Florida Water/Wastewater Rate Increase

=====

I am the leader of the **Summertree Water Alliance Taskforce** (not affiliated with the Summertree Recreation Facility) has been in existence since 2010 working together with elected official, municipal departments and age, and agencies, and Summertree residents to gather and distribute information about Utilities Inc. of Florida (UIF) issues to the residents. Our unity has had a positive impact when standing up to UIF issues and rate increases before the Public Service Commission.

UTILITIES INC. NOTICE OF CHANGE IN DISINFECTION TO CHLORINE DIOXIDE

We all received three notices in the past two months, two of them from Utilities Inc. of Florida (UIF). The first UIF notice was undated but mailed on October 6, 2020 and delivered on October 9, 2020. It explained that, with the approval of the Florida Department of Environmental Protection (FDEP), UIF was going to be using our community for a pilot study to test chlorine dioxide as an oxidant in our water. The test is to determine if using this will "optimize and maintain the amount of residual chlorine present throughout Summertree's water distribution system by reducing the amount of biofilm present in the interior of the piping network". The pilot study was scheduled to begin on October 7, 2020 and run for at least 90 days. An extension of "an additional 90 days could occur with FDEP's approval if warranted and requested". Their letter included their usual cautions for people on dialysis or who have aquariums.

Summertree residents were not contacted prior to the start of the UIF's Chlorine Dioxide Pilot Study for consent or to survey residents regarding health considerations. Not sure what effects these chemicals and procedures may have on our health over time.

UTILITIES, INC. OF FLORIDA's RATE INCREASE NOTICE: The second letter from UI was dated October 30, 2020 (received November 2) and was the "Initial Customer Notice", Docket No. 20200139-WS, which tells us that they are asking the FL Public Service Commission (PSC) for another increase in our water and sewer rates "because the existing rates do not provide sufficient revenues to cover the required expenses of operations on a going-forward basis and fair return on the Utility's investment in used and useful property for the public use, including pro forma projects".

FL Public Service Commission: A follow up letter from the FL PSC Commission dated November 19, 2020) was the Notice of Customer Service Hearing and Technical Hearing. Because of COVID, the PSC Customer Service Hearing will be virtual meetings. As stated, there were hearing held on December 7 at 11AM and December 10 2PM and 6PM; Wednesday, January 6 at 10 :00 AM and January 7, 2021 at 6:00 PM.

PUBLIC SERVICE COMMISSION CUSTOMER HEARING INFORMATION:

1. **Deadline to Register:** Wednesday, December 30, 2020.
Email the PSC at speakersignup@psc.state.fl.us or call 850-413-7080.
All customers who want to speak at the hearing must be registered 5 days prior to the hearing.
2. **Customer Hearing Dates:** Wednesday, January 6 @ 10:00 am
and Thursday, January 7 @ 6:00 pm
3. We strongly urge you to participate by calling the PSC by December 30th. If you choose not to call into the hearing, PLEASE fill out the three attached Utilities, Inc. of Florida Customer Comment forms to provide input from the Summertree community residents. Failure to participate is a silent endorsement of UIF's exorbitant water and wastewater rate increases. Let your voice be heard opposing the rate increase and the introduction of chlorine dioxide pilot study without our consent and the need for customer input going forward. Thank you, Ann Marie Ryan

Customer Comments

Check [**X**] UIF requested ~~permanent~~ revenue increase for water and wastewater:

- 1) 16.7% water increase = \$2,812,445 produces annual income of \$19,416,373
- 2) 32.12% wastewater increase = \$6,521,686 produces annual income of \$26,827,568
- 3) Pasco County Utilities 2020 increase was 2% water/2% wastewater respectively.
- 4) UIF request increase Rate of Return of Equity (ROE) from 10.4% to 11.75%
- 5) UIFs ROE request is egregious.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

Customer Comments

Check ☒ We have received \$1,743,324 increases for pass through and index fees between the rate requests.

☒ Please consider these fees when

determining the rate increase request.

Additional Comments:

This is ridiculous.

the quality of water & service does not warrant the increase

KIM L. FIGUEROA

4024 DAVIT DRIVE

NEW PORT RICHEY, FL 34652

Senior Systems Financial Analyst, real estate broker, owned and operated skip tracing business and 2 retail stores.

Business endeavors have taught me that the customers that pay the bills are the ones entitled to the answers they are wanting discussed. I realize information is power and should never be used as a weapon or withheld from the customer. If you have been frustrated by the lack of disclosures, we are in agreement. 3 minutes are not enough time to deal with major problems and the board is very picayune in its dealing with owners. Definition of picayune refers to those things that are so small and trivial and unimportant and are not worth getting into. This word sums up my opinion of the work or lack of caring for us, the owners that are paying the bills.

Currently retired and endeavoring to live the dream.

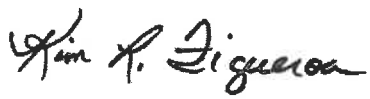

Grew up in Indiana with 4 younger brothers.

A must read Ecclesiastes Chapter 3 - Time for Change

Perseverance is defined as steadfastness in doing something despite difficulty or delay in achieving success. I mention this because we all have had challenges to overcome and I want you to know that I am willing and able to see projects through the end. My business life is a story of dealing with governments out of date rules and regulations. So I know the frustration that will come with this position, but also am aware that someone must be able to explain the reasons for our many setbacks we have experienced to date. It is my plan to keep the community updated on all delays so as not to go thru what we have been experiencing with our contractors and management company. Should I be elected, I will keep the community informed to what is going on throughout my term. This is something to date that is not being shared.

I support all candidates that are not current board members. Time for a change and hope you are as well.

See you at the open forum.

Customer Comments

Check [☒]

1. Lack of Transparency for Consent Order by DEP

2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

Additional Comments:

Restriction of gatherings hampers us from getting out the word about this situation.

Check [☐] UIF requested permanent revenue increase for water and wastewater:

- 1) 16.7% water increase = \$2,812,445 produces annual income of \$19,416,373
- 2) 32.12% wastewater increase = \$6,521,686 produces annual income of \$26,827,568
- 3) Pasco County Utilities 2020 increase was 2% water/2% wastewater respectively.
- 4) UIF request increase Rate of Return of Equity (ROE) from 10.4% to 11.75%
- 5) UIFs ROE request is egregious.

Additional Comments: BELIEVE THESE INCREASES ARE EXCESSIVE.

THE COST OF LIVING ONLY WENT UP 1.3% FOR THE YEAR.

Forms: (see Page 15)

Guests/Visitors:

- ✓ During the first year of ownership, guests may occupy a unit in your absence for a period not to exceed 30 days.
- ✓ In the second and future years of ownership, guests may occupy a unit in your absence for a period not to exceed 90 days.
- ✓ If you expect guest(s) in your condo but won't be present for the duration of their visit, obtain and complete the Visitor Guest Registration form available in the Library and downloadable from the Beacon Lakes website, Resources tab.
- ✓ Be sure your guests are aware of the contents of the Community Living Rules & Regulations.

Gutters and Downspouts:

- ✓ Must be bronze or brown in color and downspouts must be tan in color to match the building.
- ✓ It is your responsibility to maintain your gutters and downspouts regardless of who first installed them.
- ✓ If wood repair is required because of clogged gutters, you will be charged for those repairs.
- ✓ Due to maintenance requirements such as painting or roof replacement or repairs, the Association will need to remove your gutters. If they are in good condition, as determined by the Maintenance staff, the gutters will be put back up on the building by our Maintenance staff, or you can hire a company to install new gutters. If, however, they are not in good condition, it will be your responsibility to dispose of or replace them in five (5) days. They may not be disposed of in the Dumpsters.

Help! (see Service Contracts, page 3)

Keys:

Your Condo - You are to provide the Board a spare key to your condo for emergency access only. These keys are kept in a secure, locked case. (**See also Access to Condos, page 4.**)

North/South End Gates - In case of emergency (such as Rescue Squad), keys to the gates at the north or south end of Lighthouse Way are available from Maintenance; on non-work days they are available from any Board member.

Mailbox Key - This is an issue between the box owner and the Post Office. The Association has no involvement.

Pool/Clubhouse Access Keys - Are available from the Owner Relations Committee. See page 3.

Lady Laker Women's Club: This club meets on the second Wednesday of each month at 9:30 a.m. for coffee, and at 10 a.m. for the meeting. Consult your monthly Laker or the

Customer Comments

Check [**X**] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Signature:

Customer Comments

Check [☒]

- ☒ 1. Lack of Transparency for Consent Order by DEP
- ☒ 2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

Additional Comments:

It seems as if our customers are trying to stay safe UIF ~~are~~ taking advantage of the Covid to impose increases when many cannot form a united force

UIF continually asking for increases on US
when in reality they raise them to increase PROFIT

Additional Comments:

Have they shown just cause for an increase
that can be verified by outside counsel

1. Lack of Transparency for Consent Order by DEP
2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

Additional Comments:

Customer Signature: David Schaeffer

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

- ✓ 1. Lack of Transparency for Consent Order by DEP
- ✓ 2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

Additional Comments:

Customer Signature:

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

1. Lack of Transparency for Consent Order by DEP

2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

Additional Comments:

I will not be able to attend any meetings due to fear of covid, I can not except or agree to rate increases of such unreasonable percentages.

Check [X]	We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.
Additional Comments: Please reduce their rate request until they learn to manage efficiently and effectively.

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

I would like to bring this to your attention, 85% of us that live in Summertree are on fixed incomes, or live paycheck to paycheck. Two years ago when both parties attended, neither one of you would drink our water.

WHY?

Here are some facts!!

That we pay out because we can't drink our water and the smell of it.

Water filters for our Frig, we are suppose to get 6 month's, we get 4 month's. They go for \$50 each (that low balling it)
 $\$50 \times 3 = \150

Filters for under the sink \$150 a year

Salt for our filtration system, so we can shower without smelling like rotten eggs \$269.64 a year.

We bring a case a water a week, let's say \$5 a week = \$260 a year

The water that comes from our sprinkler system turns our driveways, house and scrubs and plants orange. This all takes money to keep our home looking nice.

Snowball \$20 a box every two months = \$120

Never mind replacing our scrubs and plants.

\$949.64 without scrubs and plants, that's a lot of money to be shelling out when you can't even, drink our water.

Where in your good conscience you feel to have a right to charge us this increase.

To pay your finds?

Utilities- This money goes to Canada

Pasco- we are suppose to be neighbors? Will you drink our water, in front of us? Last time you wouldn't?

These increase are outrageous!!!!

Customer Comments

Check [**X**] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls.

Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Address (Print) 11625 ROSE TREE DRIVE

NEW PORT RICHEY, FL 34654

To submit your comments about this docket to the Florida Public Service Commission, please check off [☒] comments(s); add addition comments. and **SIGN** the form.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls.

Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments: Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Signature:

Sandra Block-Effron

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public busines is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon requires, for inspection and copying to any Florida citizen or to any member of the media.

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public busines is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon requires, for inspection and copying to any Florida citizen or to any member of the media.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls.

Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Customer Signature:

Ralph O. Kessler

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

~~Summertree customers are concerned by UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.~~

Additional Comments:

~~Please reduce their rate request until they learn to manage efficiently and effectively.~~

Dear Valued Customer of Utilities, Inc. of Florida,

Utilities, Inc. of Florida (UIF) understands the impact COVID-19 has had on many households. In light of these challenges, we ask for those who are experiencing payment difficulties to visit www.myuiflorida.com and utilize our MyUtilityConnect app or webportal to set up a payment arrangement or payment plan. On January 7, 2021, UIF will restart normal billing practice of disconnections for non-payment.

We greatly appreciate those customers who have been able to keep their accounts current during this crisis, but we understand that many have not been as fortunate. Some households will feel the impact of lost income for months to come. That is why we are offering **deferred payment arrangements** and **payment plans** to customers who may not be able to stay current on their water and sewer bills.

- A **payment plan** is an agreement with a customer to make a specified payment by a specified date. For example, a customer may agree to pay a balance ten days beyond the bill's due date.
- A **payment arrangement** is an agreement with a customer to pay off their balance in combination with future bills, which installments are reflected on monthly customer bills.

CUSTOMER COMMENTS
We are homeowners in the retirement community of Summertree (Pasco Co) and request that the rate increase which has recently been applied for by Utilities, Inc. of Florida NOT be granted . If anything, the rate should be reduced, not increased. We formally make the request that the FPSC require Utilities, Inc of Florida to research for other means to meet 'reasonable and customary' gains on their bottom line. The water here in our community has been an on-going problem for years and even connecting with Pasco County water, it continues to be an ongoing problem. We don't even drink our water and definitely require a water softener in order to tolerate the hard water. This rate increase should not be granted!

To submit your comments about this docket to the Florida Public Service Commission, please check off [☒] comments(s); add addition comments. and **SIGN** the form.

Customer Comments

Check [☒]

1. Lack of Transparency for Consent Order by DEP

2. Most citizens including UIF customers have been impacted by the COVID-19...enduring restriction for gatherings, health concerns, layoffs, shutdowns, national and state unrest, and financial uncertainty made gathering information, and community preparation for the upcoming hearing and conference difficult.

3. *You have all the Assets, we have little. You should be ashamed of yourself*

Additional Comments: *Reduce your rates*

Customer Signature: *x Doris Crissi*

Any email or other correspondence sent to a Florida Public Service Commissioner, or any to other public official and/or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally required the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or to any member of the media.

Subject: F.S 720 contracts for services
Date: Mon, 16 Nov 2020 15:18:33 +0000
From: Shawn Millard <smillard@condominiumassociates.com>
To: Tom Langone <tlangone1@tampabay.rr.com>

720.3055 Contracts for products and services; in writing; bids; exceptions.—

(1) All contracts as further described in this section or any contract that is not to be fully performed within 1 year after the making thereof for the purchase, lease, or renting of materials or equipment to be used by the association in accomplishing its purposes under this chapter or the governing documents, and all contracts for the provision of services, shall be in writing. If a contract for the purchase, lease, or renting of materials or equipment, or for the provision of services, requires payment by the association that exceeds 10 percent of the total annual budget of the association, including reserves, the association must obtain competitive bids for the materials, equipment, or services. Nothing contained in this section shall be construed to require the association to accept the lowest bid.

Thank you,

Shawn Millard, LCAM

Customer Comments

Check [☒]

Summertree customers are concerned by UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers

have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.

The rates we currently pay for the quality we receive is already outrageous. An increase in rate is pure greed.

Customer Comments

Check [☒] We object to UIF's failure to plan apparently resulting in their repetitive shortfalls. Since UIF consolidated, customers have not way of knowing where or how their rate revenues are being utilized. Summertree customers thought that the 2016 rate increase plus the 2018-2020 pass through & index rates resulting in nearly \$2 M additional income would offset these huge rate increases. Where is UIFs accountability for planning, budgeting, implementing improvements and providing scheduled maintenance.

Additional Comments:

Please reduce their rate request until they learn to manage efficiently and effectively.
