CUSTOMER COMMENTS

I Truly don't understand why our water bill must go up. Our water pressure here is AWFULL. you need to actually come to our development and see what it is like. Trouble here and there. You surely as a homeowner would not like to have your water like this, and then get word your bill would be here. What for? You need to correct the problem first before increasing our bill. Surely is worse when all the Northen's are here. you need to actually look at the system in the fall when everyone is present in this park. As far as the backflow that's ridiculous. Turning Peoples water off when it isn't right. Again you need to come out and check it out in person.
Cathy Mills

Any email or other correspondence sent to a Florida Public Service Commissioner, or any other public official and / or employee of the PSC, in the transaction of public business is considered a public record and is subject to Florida's Public Records Law. This means that Florida law generally requires the PSC to provide a copy of any such email or correspondence, upon request, for inspection and copying to any Florida citizen or any member of the media.
