STOP THE DAMN UTILITY RATE INCREASES IN THE STATE OF FLORIDA!!! We have enough Sunshine to power the whole state and more since FPL is putting up panels just about everywhere.  
How much more gouging can residents take.

Do NOT give FPL another huge increase. I am a FL teacher retiree on a limited income. I even keep my condo at 84 degrees from mid May-November. Then I open my windows when the humidity and heat finally lifts. FPL has had a few increases even during the Pandemic. ENOUGH IS ENOUGH. If you want to give me the money to go solar, then please do. Too many ripoff which your commission should NOT allow to happen.

Docket # 20210015-EI

Application for rate increase by

**Florida Power & Light Company**

DOCKET NO. 20210015-EI

Name SAM RUDLONG

Address 9130 S. DADELAND BLVD. #1600  
MIAMI, FL 33156

To submit your comments about this docket to the Florida Public Service Commission, please complete this comment form and return it by mail, or fax it to 1-800-511-0809. Correspondence will be placed in the docket file.

**CONSUMER COMMENTS**

I STRONGLY OBJECT TO YOUR REQUEST FOR A RATE HIKE. INSTEAD, I WOULD SUGGEST YOU LOOK TO USE SOME OF YOUR CAPITAL SURPLUS (OVER \$11 BILLION AS OF 3/31/21) OR RETAINED EARNINGS (OVER \$26 BILLION AS OF 3/31/21). YOU NEED TO SPEND/INVEST MONEY LIKE YOUR CUSTOMERS DO - EARN IT FIRST, THEN USE IT, OR ELSE TAKE ON DEBT (WITH HISTORICALLY LOW INTEREST RATES AND A STRONG CREDIT RATING, YOU SHOULD BE ABLE TO BORROW MONEY FOR NEXT TO NOTHING.) YOUR CUSTOMERS ARE NOT A BANK.

An 18% rate hike over 4 yrs would hurt Florida seniors. The cost of living in FL has risen substantially. Do not add an additional burden. A 12% hike is the maximum acceptable.

I am objecting to a proposed rate increase of 18% by FPL. This raise will rob money needed to survive for people on fixed income. What would warrant such a severe increase? Greed maybe. Please do not allow robbery of the public. Thank you.

I'm filing this as a concerned citizen who does not have a choice in choosing my power company. It is my understanding that FP&L has requested a utility rate increase of over \$2 Billion in their base rate over the next 4 years. Average bills for FP&L customers would go up 18% over 4 years.

The proposed rate increase is way too much and not justified; I keep seeing your public service message about your rates being the best in the nation and how FPL is going solar to bring the price down, so why is FPL want rate increases??? It seems to me to be double talk just like a lot of Politicians....

My wife and I are highly against any increase in the utility rate increase of any kind being asked for by our electric power company. We are on a fixed income as we are both retired and we are not getting any raise in pay and have not gotten any to speak of. Inflation is getting to take off big time and will make things even harder for everyone. Plus a big push to raise minimum wage and give out large bonuses to get people back to work will only cause the price of food and clothes and everything else to go up therefore inflation will happen. Please keep electricity down where we older people on a fixed income can afford it and can continue to buy the medications we need to stay alive. Thank you Al Lewis
