Subject: Stop Rubber Stamping FPL Requests! Docket No. 202

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

I recently received my HO-6 renewal with an over 100% increase in premiums. Help keep

costs reasonable when analyzing rate increase within this state. Strike down the FPL amount request. Absurd!

Thank you,
Melinda J. King
