Subject: RE: FPL rate increase

Good Afternoon, Michaelynn Magac.

We will be placing your comments below in consumer correspondence in Docket No. 20210015, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Subject: FPL rate increase

To Whom it May Concern,

I am writing to voice my opposition to the proposed FPL rate increase. I believe it to be excessive and burden low and middle income earners throughout the state of Florida. I live in Sarasota county on a limited income and I am very conscientious of trying to conserve energy and save money wherever I can. Like many Floridians, I will see minimum increases to my income, if any, over the coming years and can not afford higher energy costs. FPL has a monopoly on our energy services, does not encourage alternative home energy options and should not be granted a 20% increase over the next 4 years. Now is not the time to gouge our state for corporate profits and dirty energy. Penalize the big mcmansions if you must but give the little guys a break!! Encourage and reward energy conservation and clean energy options for businesses and homeowners. Deny this obscene rate increase.

Thank you,
Michaelynn Magac
