To Whom It May Concern:

Re: Docket #20210015-EI

It seems as though no one cares about the elderly, nor the low-income, citizens when it comes to how we will meet the cost of the necessities in our lives. As an AARP member on a fixed income, an additional cost of \$10+ a month can affect meeting my needs negatively. These days it seems that many people want to "line their pockets" rather than to help the less fortunate.

I definitely object to the 11.5% return that Florida Power & Light is requesting for their investors. If the referenced docket is passed, it will be another blow on the people with low and fixed incomes. I am willing to pay my "fair" share for the things I need in my life, but not to the point of having to do without the things I **NEED** to survive. Therefore, **I am asking you not to consider passing** this proposal.

Yours truly,

Sylvia C. Moore
