Dear Gov. DeSantis,

I heard that Florida Power & Light (FPL) wants to accelerate their conversion to green energy. They plan to build solar-powered plants in the near future and raise customers' bills by about 20% over the next 6-9 months. That is totally unacceptable.

If FPL wants to experiment with green energy, that is fine, as long as they don't do it on the customers' backs. Please remember that China, India, and others do NOT plan on any significant green energy improvements over the next several years. That means that FPL's changes will be insignificant overall, BUT the increased electric bills may cause VERY significant hardships for Florida residents. In other words, the benefits do not justify the cost.

Please use your influence to slow down or reverse these harmful changes.

Thank you,

RE: FPSC Inquiry 1375270C

Dear Dr. Phillip:

The Governor's office forwarded a copy of your correspondence regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (PSC). The PSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the PSC. The PSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

We will add your feedback to Docket No. 20210015, regarding FPL's Petition for a rate increase. You may review all the information filed with the Florida Public Service Commission by accessing our website at <http://www.floridapsc.com>. Tap on the section for Clerk's Office, then Dockets and type in Docket No. 20210015 (just the number). Once you reach the Docket, tap on Document Filings Index to view all the information filed by the utilities and other parties in this Docket, as well as any action the FPSC has taken on this matter.

If you have any questions or concerns please contact Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,
