**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

In re: Petition by Florida Power & Light  
Company for Rate Unification and for Base  
Rate Increase

Docket No. 20210015-EI

Filed: September 9, 2021

**FLORIDA POWER & LIGHT COMPANY’S REQUEST FOR CONFIDENTIAL  
CLASSIFICATION OF CERTAIN INFORMATION PROVIDED IN ITS  
RESPONSES TO FLORIDA PUBLIC SERVICE COMMISSION STAFF’S TENTH  
DATA REQUEST (NO. 7)**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (“FPL”) requests confidential classification of certain information provided in its responses to Florida Public Service Commission Staff’s (“Staff”) Tenth Data Request (No. 7) (the “Confidential Information”). In support of its Request, FPL states as follows:

1. FPL served its responses to Staff’s Tenth Data Request on September 9, 2021. This request is being filed contemporaneously with service of those responses to request confidential classification of certain information contained in its responses to Staff’s Tenth Data Request No. 7, consistent with Rule 25-22.006, Florida Administrative Code.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A consists of the documents containing confidential information – which are provided on a disc due to the volume of the file and/or the file type – that is the subject of FPL’s Request for Confidential Classification. For documents not confidential in their entirety, Exhibit A also contains a copy of the confidential material on which all the information that FPL asserts is entitled to confidential treatment has been highlighted.

b. Exhibit B consists of a copy of the confidential documents, on which all the information that is entitled to confidential treatment under Florida law has been redacted. For

documents are confidential in their entirety, an identifying cover page has been placed in the exhibit.

c. Exhibit C is a table that identifies by column and line the information for which confidential treatment is being sought and references the specific statutory basis for the claim of confidentiality. Exhibit C also identifies the declarants who support the requested classification.

d. Exhibit D contains the declarations of the individuals who support the requested classification.

3. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Florida Statutes, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As described in Exhibit D (containing the supporting declarations), the Confidential Information contained in FPL's response to Staff's Tenth Data Request, No. 7, includes: information relating to bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms. This information is protected by Section 366.093(3)(d), Florida Statutes.

5. As also described in the declarations included as Exhibit D, the Confidential Information consists of information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Specifically, the information

contains pricing and cost data related to electric vehicle charging that can be used to derive vendor product bid pricing. This information is protected by Section 366.093(3)(e), Florida Statutes.

6. Upon a finding by the Commission that the Confidential Information is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. See Section 399.093(4), Florida Statutes.

**WHEREFORE**, for the above and foregoing reasons, as more fully set forth in the supporting materials and declarations included herewith, FPL respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

FLORIDA POWER & LIGHT COMPANY

**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

In re: Petition by Florida Power & Light  
Company for Rate Unification and for Base

Docket No: 20210015-EI

**DECLARATION OF MATT VALLE**

1. My name is Matt Valle. I am currently employed by Florida Power & Light Company ("FPL") as Vice-President, Development. I have personal knowledge of the matters stated in this written declaration.

2. I have reviewed the documents referenced and incorporated in FPL's Request for Confidential Classification, specifically the information contained in FPL's response to Florida Public Commission Staff's Tenth Data Request, No. 7. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information, as well as information concerning bids or other contractual data, the disclosure of which would impair FPL's ability to contract for goods or services on favorable terms. Specifically, the information contains pricing and cost data related to electric vehicle charging that can be used to derive vendor product bid pricing. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Under penalties of perjury, I declare that I have read the foregoing declaration and that the facts stated in it are true to the best of my knowledge and belief.

  
Matt Valle
