Subject: We Can't Afford Higher Rates from FPL

Commissioner Gabriella Passidomo,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work.

I urge you to reconsider this rate increase.

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work. There are other financial strains that cannot be avoided, such as the higher cost of food, medical care, prescriptions, gasoline, etc. Please don't make the need for healthy home temperatures be included in the higher costs we all are dealing with.

I urge you to reconsider this rate increase.
