Commissioner Gabriella Passidomo,

I am writing as a concerned Florida resident and customer of Florida Power & Light (FPL). I received notification that FPL intends to increase rates for customers like me. I am urging you to rethink this decision and not increase our bills.

This past year has been extremely challenging financially for many people in the state of Florida. A rate increase is the last thing we need, especially for vulnerable folks who may be on a fixed income or struggling to find work.

I'm a disabled veteran. My income is 1500/ month. I can't pay any more.PLEASE!!

I urge you to reconsider this rate increase.

I urge you to reconsider this rate increase. This company, a monopoly is making billions of dollars profit already. Why give them more, think about us that have to pay our electric bill monthly. If anything break them up like what happened with Ma Bell years ago. OR are the greasing your back pocket?
