COMPLAINT INFORMATION

Complaint: Other Complaint against Florida Power & Light Company

Details:

Please explain the reasoning behind the new minimum base bill on my electric bill. I just went from paying \$10/mo to \$30/mo just for the privilege of helping the grid and doing the right thing by the community, state and ecosystem. I do not understand why a faithful solar/power customer who is selling back power at the extremely low rates upon which FP&L reimburses (months later) after all the fees and necessary taxes is getting fleeced by our public utility? Why? TRIPLE? Why?
