**Subject:** PROTEST AGAINST FPL MINIMUM BASE BILL

Hello PSC and commissioners:

I power my house with solar panels and I recently noticed that there is a new charge of \$25 that was approved by the FL PSC commissioners. I want to protest against it.

First, because that bill is **abusive**, it is punishing solar costumers for been green and saving energy. Solar systems cost a lot of money and there is no real return until after 8-10 years, we do it to help the planet, to educate our kids on protecting earth and saving the planet one action at a time so there is no financial gain on being solar.

Second, those \$25 minimum base bill are not for every customer so it is **discriminatory**. If it is because they cannot afford solar systems, there are many loans for solar systems. This additional bill is unfair and shows a prejudicial distinction between solar and non-solar customers.

Third, it is **hypocrite** that the state of FL (and the whole world) is calling for natural resource conservation and PSC is passing a bill that is taking a step back on that. It is contradicting the sustainable initiatives program the state is promoting.

I PROTEST AGAINST THE FPL MINIMUM BASE BILL!
