Subject: FPL rate increases, please stop!

Dear Commisioner,

Please do not allow the big utility companies to raise their rates! These companies have massive profits, and many residential customers are on a fixed income.

FPL \$12 billion (2021)
Duke \$18.91 billion (2022)

With prices of everything on the rise, how can you in all conscience allow the increases?

Thank you for your consideration.
