Subject: Please stop price increases for FPL

To whom it may concern,

My name is Erin Norton and I live in Southeast Palm Bay.

I just heard that Florida Power and Light could yet again raise our electric bill this year. Last year they raised it so much that we now run the ac at 80 degrees in the summer and we have to hang our clothes out to dry so we don't use the dryer in order to save money on electricity.

Now they want to raise our prices again! I absolutely beg you to do anything you can to stop this from happening. Our insurance has gone up, taxes, groceries, and gas. We absolutely cannot afford this on top of everything else.

Please stop FPL from raising our rates. 🙏

Sincerely,

Erin Norton
