Morning: regarding proposed rate increase from FPL: Fpl was not here during last hurricane in 2018.It was gulfpower co who to the hit for storm damage.I am sure they had insurance plus fed assistance to restore power.The company sold to Fpl and Fpl started,I assume,with financial conditions that included storm damage paid for by gulf power.In the last year our power bills were up to almost double and now again an increase! Please dis approve their request.
