DEAN Office of Commission Clerk

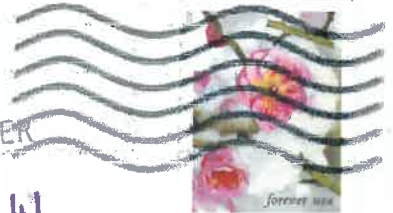

I can't believe Lakeland wastewater want's another increase we just gave them one not that long ago. I myself being a 68 year old man living on \$1015.00 a month find it extremely hard to pay my bill's and look forward to winter because it the only cool month of the year I have myself I can't afford to run my air during the summer so I invest in fan's I have many in this home like tough all these increase's are just making it tougher. Thank you for allowing me to give you my own personal opinion
