**PEOPLES GAS SYSTEM INC.’S
MOTION FOR TEMPORARY PROTECTIVE ORDER**

Peoples Gas System, Inc. (“Peoples” or “the company”), pursuant to Rule 25-22.006(6)(c), Florida Administrative Code, hereby requests that the Commission issue a temporary protective order exempting from Section 119.07(1), Florida Statutes, certain information specified herein as requested by the Office of Public Counsel (“OPC”) through discovery, and for the protection of that information against public disclosure pending OPC’s review of it. In support of its Motion, the company states:

1. On May 18, 2023, OPC served on Peoples its Eighth Request for Production of Documents (No. 95) (“OPC’s Discovery Request”).
2. On this date, Peoples has served its response to OPC’s Discovery Request by posting its answers, responses, and responsive documents (collectively, “Response”) on a virtual SharePoint site that is accessible by both OPC and FIPUG. The company believes that all or portions of its Response to the discovery requests specified on Exhibit A constitute “proprietary confidential business information” and has designated it as such by placing it in a segregated area of the SharePoint site for confidential information.

3. Peoples considers the designated information in its Response to be “proprietary confidential business information” that is entitled to protection against public disclosure pursuant to Section 366.093, Florida Statutes.

4. Proprietary confidential business information includes but is not limited to: (a) trade secrets; (b) internal auditing controls and reports of internal auditors; (c) security measures, systems, or procedures; (d) information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms; (e) information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information; and (f) employee personnel information unrelated to compensation, duties, qualifications, or responsibilities. §366.093(3)(a)-(f), Florida Statutes. The confidential information that is the subject of this Motion falls within one or more of these statutory categories and, thus, constitutes proprietary confidential business information.

5. Exhibit A identifies OPC’s Discovery Request to which the company’s Response is considered confidential.

6. Public disclosure of the highlighted information in question would adversely affect the economic interests of Peoples and its customers.

7. Rule 25-22.006, Florida Administrative Code, provides for protection of this type of information when a utility allows OPC to inspect or take possession of such information in the course of discovery. Subsection (6)(c) of this rule states:

(c) When a utility or other person agrees to allow Public Counsel to inspect or take possession of utility information for the purpose of determining what information is to be used in a proceeding before the Commission, the utility may request a temporary protective order exempting the information from Section 119.07(1), F.S. If the information is to be used in a proceeding

before the Commission, then the utility must file a specific request for a protective order under paragraph (a) above. If the information is not to be used in a proceeding before the Commission, then Public Counsel shall return the information to the utility in accordance with the record retention requirements of the Department of State.

8. Peoples requests a temporary protective order to allow OPC access to Peoples' confidential information that is posted on the SharePoint site as part of its Response while protecting the economic interests of Peoples and its customers from the harm that would result from public disclosure of the above-referenced confidential information. Peoples will work cooperatively with the parties to this proceeding to identify confidential information to be used at the final hearing in this docket and to request confidential classification as specified in the rule. To the extent that pre-filing of confidential documents is required, Peoples and the parties to this proceeding have further committed to work out a process to maintain both confidentiality of the information and preservation of the litigation rights of the respective parties consistent with Commission precedent. Furthermore, the parties have both agreed that the efficiency underlying this arrangement is not expected to require the closure of public access to hearings and that they will vigorously preserve confidentiality in accordance with applicable law while taking all reasonable steps to accomplish necessary litigation in a manner that does not require closure of hearings.

9. Peoples maintains the highlighted information in a confidential form and has not disclosed it publicly.

WHEREFORE, Peoples requests that the Commission issue a Temporary Protective Order allowing it to provide OPC with the confidential information described above while maintaining the confidential nature of that information.

DATED this 7th day of June, 2023

Respectfully submitted,
