John,

Please send to clerk's office. I am awaiting your response. Case# 1426673C, I will add your notes to CATS once I receive an email back from you.

Thanks

Consina

You are the public service commission... side with the public instead of a publicly traded entity that makes billions of dollars a year in profits. They should not be given rate increases and in fact should be giving us rebates. A public utility should not be making billions in order to make shareholders happy!

Side with the people for once!
