MY ELECTRIC BILL IN FLORIDA WAS \$130 A MONTH TOPS. LAST MONTH I GOT A BILL FOR \$248 ALMOST DOUBLE WHAT I'VE BEEN PAYING FOR THE LAST YEAR - WHY? BECAUSE THE CROOKED POLITICIAN DESANTIS GOT A GIANT DONATION FOR HIS PRESIDENTIAL CAMPAIGN, WHICH HE HAS NO CHANCE OF WINNING & IN TURN HE ALLOWED FLORIDA POWER & LIGHT TO RAISE EVERYONE'S BILLS BY 20% EVEN THO MY BILL WENT TO ALMOST DOUBLE? WHAT THE FK KINDA CRAP IS THAT? FOR THESE CORRUPT CROOKED POLITICIANS TO BE ALLOWED TO OPENLY DO CORRUPT CRAP LIKE THIS. DESANTIS SHOULS BE IN JAIL ALONG WITH F.P.&L. EXECUTIVES WHO DID THIS. I'LL BET THEY ALL GAVE THEMSELVES RAISES & BONUSES WHILE US RETIRED PEOPLE R LEFT HOLDING THE BAG OR RATHER THE BILL!!! SO NOW YOU ARE ANOTHER CORRUPT GOVERNOR OF FLORIDA STEALING MONEY AWAY FROM RETIREE'S? BTW I COULDN'T PAY MY ELECTRIC BILL LAST MONTH SO THIS MONTH I HAD TO PAY \$480.00 FOR 2 MONTHS WHICH LEAVES ME WITH NO MORE RETIREMENT MONEY UNTIL NEXT MONTH. AND YOU'RE RUNNING FOR PRESIDENT? GOD FORBID.

RE: FPSC Inquiry 1431897C

Dear Mr. Paulin:

The Governor's office forwarded a copy of your email regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

You expressed a concern about recent rate increases. On March 7, 2023, the FPSC approved a mid-course correction to the fuel factors and granted preliminary interim storm restoration charge for FPL.

Utilities do not earn a profit on fuel charges. The fuel and capacity cost component of customers' bills is set for each calendar year, but mid-course corrections are used when a utility's costs increase or decrease significantly in the interim. Under Commission rules, a utility must notify the PSC when it expects an under- or over-recovery greater than 10 percent.

The adjusted fuel factors reflect unrecovered fuel costs incurred in 2022. The interim storm restoration recovery charges are costs associated with named storms and will replenish each utility's storm reserve fund. Interim storm restoration charges are approved for a 12-month recovery period and are subject to refund, with interest, pending further review once the total actual costs are known for each utility.

FPL's approved charges include the new fuel factor and the preliminary approval for recovery of \$1.5 billion in interim storm restoration costs for Hurricanes Ian and Nicole, as well as the remaining costs from Hurricanes Michael, Sally, and Zeta.

The next fuel cost hearing will be held on November 1st, 2nd and 3rd. During the hearing, FPL and the other three electric companies regulated by the Florida Public Service Commission will present their projected 2024 fuel and purchased power costs, true-up previous estimates for 2023 incurred costs, and true-up 2022 costs to actual costs. Recovery of capacity, conservation, and environmental costs will also be considered. The Office of Public Counsel will represent the interest of consumers. You may watch the hearings live or afterwards by using the following link:

We appreciate you sharing your views and will add your correspondence to both Dockets 20230001 and 20230017 regarding the mid-course correction and the storm restoration recovery, respectively.
