To whom it may concern,

As homeowners on Don Pedro Island, Florida we, Blake and Allison Smith (Smith Beef Co., LLC) **Strongly OPPOSE** the proposed central sewer.

We are formally requesting that the PSC **DENY** EU's application for wastewater service.

We do not want this service, we do not need this service nor do we unnecessarily want to financially burden ourselves or physically disrupt this very quaint and special island.

What makes Don Pedro Island so special is that it is quiet, private, easy to get to and relatively untouched. Installing a central sewer on the island will completely disrupt the island life we sought out when purchasing this home. It will adversely affect our ability to rent our home when we are not using it, the ferry to and from the island will have long waits and there is not extra space on the island to use as staging for major equipment and supplies.

If it's not broken don't fix it! PLEASE, PLEASE deny EUs application for wastewater service.

Sincerely,

Blake and Allison Smith
