INDEPENDENT AUDITORS' REPORT

To the Shareholder of Florida City Gas:

We have audited the accompanying financial statements of Pivotal Utility Holdings, Inc. d/b/a Florida City Gas, a wholly-owned subsidiary of Florida Power & Light Company ("Florida City Gas" the "Company"), which comprise the balance sheet – regulatory basis as of December 31, 2018, and the related statements of income – regulatory basis and retained earnings – regulatory basis for the year then ended, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the regulatory-basis financial statements referred to above present fairly, in all material respects, the financial position of Florida City Gas as of December 31, 2018, and the results of its operations for the year then ended in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases.

Basis of Accounting

As discussed in Note 1 to the financial statements, these financial statements were prepared in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Restricted Use

This report is intended solely for the information and use of the board of directors and management of Florida City Gas and for filing with the Florida Public Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

Deloitte & Touche LLP

July 29, 2019

**INSTRUCTIONS FOR FILING THE
ANNUAL REPORT OF NATURAL GAS UTILITIES**

GENERAL INSTRUCTIONS

- I. Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpret all accounting words and phrases in accordance with the U.S. of A.
- II. Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- IV. For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
- V. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
- VI. Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- VII. Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
- VIII. Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.

DEFINITIONS

- I. Btu per cubic foot - The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. ²) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
- II. Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

ATTESTATION

I certify that I am the responsible accounting officer of

PIVOTAL UTILITY HOLDINGS, INC. D/B/A FLORIDA CITY GAS

that I have examined the following report; that to the best of my knowledge, information, and belief, all statements of fact contained in the said report are true and the said report is a correct statement of the business and affairs of the above-named respondent in respect to each and every matter set forth therein during the period from January 1, 2018 to December 31, 2018, inclusive.

I also certify that all affiliated transfer prices and affiliated cost allocations were determined consistent with the methods reported to this Commission on the appropriate forms included in this report.

I am aware that Section 837.06, Florida Statutes, provides:

Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree, punishable as provided in S. 775.082 and S. 775.083.

Name of Respondent PIVOTAL UTILITY HOLDINGS, INC. D/B/A FLORIDA CITY GAS	For the Year Ended December 31, 2018
CONTROL OVER RESPONDENT	
<p>1. If any corporation, business trust, or similar organization or combination of such organizations jointly held control over the respondent at end of year, state name of controlling corporation or organization, manner in which control was held, and extent of control. If control was in a holding company organization, show the chain of ownership or control to the main parent company or organization. If control was held by a trustee(s), state name of trustee(s).</p> <p>2. If the above required information is available from the SEC 10K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed provided the fiscal years for both the 10-K report and this report are compatible.</p>	
<p>Pivotal Utility Holdings, Inc. (doing business as Florida City Gas), which prior to July 29, 2018, was a wholly-owned subsidiary of NUI Corporation. NUI Corporation is a wholly-owned subsidiary of Southern Company Gas. Southern Company Gas is a wholly-owned subsidiary of The Southern Company.</p> <p>On July 29, 2018, Pivotal Utility Holdings, Inc., was acquired by Florida Power & Light Company. Florida Power & Light Company is a wholly-owned subsidiary of NextEra Energy Inc.</p>	

CORPORATIONS CONTROLLED BY RESPONDENT			
<p>1. Report below the names of all corporations, business trusts, and similar organizations, controlled directly or indirectly by respondent at any time during the year. If control ceased prior to end of year, give particulars (details) in a footnote.</p> <p>2. If control was by other means than a direct holding of voting rights, state in a footnote the manner in which control was held, naming any intermediaries involved.</p> <p>3. If control was held jointly with one or more other interests, state the fact in a footnote and name the other interests.</p> <p>4. If the above required information is available from the SEC 10-K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed in column (a) provided the fiscal years for both the 10-K report and this report are compatible.</p>			
DEFINITIONS			
<p>1. See the Uniform System of Accounts for a definition of control.</p> <p>2. Direct control is that which is exercised without interposition of an intermediary.</p> <p>3. Indirect control is that which is exercised by the interposition of an intermediary which exercises direct control.</p> <p>4. Joint control is that in which neither interest can effectively control or direct action without the consent of the other, as where the voting control is equally divided between two holders, or each party holds a veto power over the other. Joint control may exist by mutual agreement or understanding between two or more parties who together have control within the meaning of the definition of control in the Uniform System of Accounts, regardless of the relative voting rights of each party.</p>			
Name of Company Controlled (a)	Kind of Business (b)	Percent Voting Stock Owned (c)	Footnote Ref. (d)
<p>Pivotal Utility Holdings, Inc. does not control, directly or indirectly, any corporation, business trust, or similar organization.</p>

Name of Respondent PIVOTAL UTILITY HOLDINGS, INC. D/B/A FLORIDA CITY GAS	For the Year Ended December 31, 2018
--	---

SECURITY HOLDERS AND VOTING POWERS

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

2. If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became vested with voting rights and give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent if contingent, describe the contingency.

3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders.

Name (Title) and Address of Security Holder (a)	VOTING SECURITIES			
	Number of votes as of (date):			
	Total Votes (b)	Common Stock (c)	Preferred Stock (d)	Other (e)
TOTAL votes of all voting securities	12,807,111	12,807,111		
TOTAL number of security holders	1	1		
TOTAL votes of security holders listed below	12,807,111	12,807,111		

IMPORTANT CHANGES DURING THE YEAR

Give particulars (details) concerning the matters indicated below. Make the statements explicit and precise, and number them in accordance with the inquires. Each inquiry should be answered. Enter "none" "not applicable," or "NA" where applicable. If information which answers an inquiry is given elsewhere in the report, make a reference to the schedule in which it appears.

1. Acquisition of ownership in other companies by reorganization, merger, or consolidation with other companies: Give name of companies involved, particulars concerning the transactions.

2. Purchase or sale of an operating unit or system: Give brief description of the property, and of the transactions relating thereto, and reference to Commission authorization, if any was required.

3. Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased also the approximate number of customers added or lost and approximate annual revenues of each class of service.

4. State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.

5. State briefly the status of any materially important transactions of the respondent not disclosed elsewhere in this report in which an officer, director, security holder, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.

1. On July 29, 2018, NextEra Energy, Inc. completed the acquisition of the outstanding common shares of Pivotal Utility Holdings, Inc. d/b/a Florida City Gas under a stock purchase agreement with NUI Corporation and Southern Company Gas, affiliates of The Southern Company, for approximately \$530 million in cash subject to certain adjustments.

2. None

3. None

4. Florida City Gas is subject to certain claims and legal actions arising in the ordinary course of business. The ultimate outcome of such pending or potential pending litigation cannot be predicted at this time; however, management does not anticipate that the ultimate liabilities, if any, arising from such claims and legal actions would have a material effect on the Florida City Gas' financial statements.

5. Prior to July 29, 2018, Florida City Gas engaged in transactions with affiliates of The Southern Company, including Southern Company Gas, consistent with its services, tax allocation, money pool, and asset management agreements. After July 29, 2018, Florida City Gas engaged in transactions with affiliates of NextEra Energy, Inc., mainly for Corporate support activities.

STATEMENT OF INCOME

1. Use page 11 for important notes regarding the statement of income or any account thereof. which had an effect on net income, including the basis of allocations and apportionments from those used in the preceding year. Also give the approximate dollar effect of such changes.
2. Give concise explanations on page 11 concerning significant amounts of any refunds made or received during the year.
3. Enter on page 11 a concise explanation of only those changes in accounting methods made during the year
4. Explain in a footnote if the previous year's figures are different from that reported in prior reports.

(*) Movement for the year ended December 31, 2018, relates to a \$3.0 million reclassification of OCI to a regulatory asset for recovery of these costs that was later derecognized as part of the change in ownership discussed in Note 1. In addition, there was movement (\$0.5) million related to Tax Reform Legislation.

NOTES TO THE FINANCIAL STATEMENTS ON A CONSOLIDATED BASIS

1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Changes in Financial Position, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.

2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at end of year, including a brief explanation of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock.

3. For Account 116, Utility Plant Adjustments, explain the origin of such amount, debits and credits during the year, and

plan of disposition contemplated, giving references to Commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.

4. Where Accounts 189, Unamortized Loss on Reacquired Debt, and 257, Unamortized Gain on Reacquired Debt, are not used, give an explanation, providing the rate treatment given these items. See General Instruction 17 of the Uniform System of Accounts.

5. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.

6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 8-10, such notes may be attached hereto.

See attached pages 11.1 to 11.17.

Pivotal Utility Holdings, Inc. d/b/a Florida City Gas

Notes to Financial Statements

December 31, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Pivotal Utility Holdings, Inc. (Pivotal Utility) d/b/a Florida City Gas (the Company) engages in the sale and distribution of natural gas to approximately 110 thousand customers in Florida's Miami-Dade, Brevard, St. Lucie and Indian River counties. Pivotal Utility is a wholly-owned subsidiary of Florida Power & Light Company (FPL) and FPL is a wholly-owned subsidiary of NextEra Energy, Inc. (NextEra Energy).

The financial statements included herein are prescribed by the requirements of the Florida Public Service Commission (Florida Commission) and are prepared in accordance with the accounting requirements of the Federal Energy Regulatory Commission (FERC) as set forth in its applicable Uniform System of Accounts and published releases. This is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). The significant differences consist of the following:

- The presentation of the current portions of long-term debt and regulatory assets/liabilities as long-term.
- The presentation of deferred income tax assets and liabilities on a gross basis rather than as a net amount.
- The presentation of accumulated removal costs as a component of accumulated depreciation rather than as a regulatory liability or asset retirement obligation.
- For the year ended December 31, 2017 and through May 30, 2018, the accounting treatment of the positive acquisition adjustment and regulatory assets related to the purchase of the Company by Southern Company Gas in 2004 as approved by the Florida Commission on December 6, 2007. The financial statements reflect the amortization of this adjustment consistent with the approval, but for GAAP purposes these assets were recorded in goodwill and not amortized. The amortization of the acquisition adjustment is now being recovered through base rates that became effective June 1, 2018 and thus is now being amortized for GAAP purposes eliminating the difference.
- The presentation of debt issuance costs as a deferred debit instead of a liability that offsets the related debt balances.
- The classification of the provision for income taxes in net utility operating income.
- The omission of the statement of retained earnings for prior year for a comparative presentation.
- The omission of the statements of cash flows.

The preparation of financial statements requires the use of estimates and the actual results may differ from those estimates.

Change in Ownership

The Company was previously held by Southern Company Gas, a wholly-owned, direct subsidiary of Southern Company, until July 29, 2018, when NextEra Energy completed the acquisition of the outstanding common shares under a stock purchase agreement with NUI Corporation and Southern Company Gas, affiliates of The Southern Company, for approximately \$530 million in cash subject to certain adjustments. Upon closing, NextEra Energy transferred Florida City Gas to FPL. Due to the regulated nature of the Company, pushdown accounting has not been applied in these regulatory-basis financial statements. Certain assets, mainly computer software, were not included in the transaction and were transferred to Southern Company Gas at their net book value prior to the sale. The Company also extinguished its outstanding long-term debt and settled its outstanding affiliate payables prior to the change in ownership. As discussed further in Note 2, the Company's employees became participants of NextEra Energy's qualified noncontributory defined benefit pension plan. The Company's pension assets and the benefit obligation reflecting its participation in the Southern Company Gas qualified defined benefit, trustee, pension plan were derecognized from the Company's balance sheet through a non-cash equity contribution immediately prior to the change in ownership.

Recently Issued Accounting Standards

Revenue

In 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 606, *Revenue from Contracts with Customers* (ASC 606), replacing the existing accounting standard and industry specific guidance for revenue recognition with a five-step model for recognizing and measuring revenue from contracts with customers. The underlying principle of the new standard is to recognize revenue to depict the transfer of goods or services to customers at the amount expected to be collected. The new standard also requires enhanced disclosures regarding the nature, amount, timing, and uncertainty of revenue and the related cash flows arising from contracts with customers.

Most of the Company's revenue, including energy provided to customers, is from tariff offerings that provide natural gas without a defined contractual term.

The Company applied the modified retrospective method of adoption effective January 1, 2018. The Company also utilized practical expedients which allowed it to apply the standard to open contracts at the date of adoption and to reflect the aggregate effect of all modifications when identifying performance obligations and allocating the transaction price for contracts modified before the effective date. Under the modified retrospective method of adoption, prior year reported results are not restated; however, a cumulative-effect adjustment to retained earnings at January 1, 2018 is recorded. The adoption of ASC 606 did not result in a cumulative-effect adjustment.

Leases

In February 2016, the FASB issued Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)* (ASU 2016-02). ASU 2016-02 requires lessees to recognize on the balance sheet a lease liability and a right-of-use asset for all leases. ASU 2016-02 also changes the recognition, measurement, and presentation of expense associated with leases and provides clarification regarding the identification of certain components of contracts that would represent a lease. The accounting required by lessors is relatively unchanged.

Beginning January 1, 2019, and with permission from the FERC as provided in Docket No. AI19-1-000, the Company intends to record operating leases that require a lease liability and a right-of-use asset under ASU No. 2016-02 in the FERC balance sheet accounts that have already been established for capital lease assets and liabilities (Accounts 101.1, 227, and 243). The Company will adhere to the FERC requirements as provided in Docket No. AI19-1-000 to include: (1) maintaining unique subaccounts to separately identify and track the operating lease amounts; (2) providing the necessary footnote disclosures in FERC Form No. 1; (3) having in place effective internal controls to ensure there is no impact to the existing ratemaking treatment or practices for leases.

Other

On March 10, 2017, the FASB issued ASU No. 2017-07, *Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost* (ASU 2017-07). ASU 2017-07 requires that an employer report the service cost component in the same line item or items as other compensation costs and requires the other components of net periodic pension and postretirement benefit costs to be separately presented in the income statement outside of income from operations. Additionally, only the service cost component is eligible for capitalization, when applicable. However, all cost components remain eligible for capitalization and continue to be reported in operating expenses under FERC regulations. ASU 2017-07 will be applied retrospectively for the presentation of the service cost component and the other components of net periodic pension and postretirement benefit costs in the income statement. The capitalization of only the service cost component of net periodic pension and postretirement benefit costs in assets will be applied on a prospective basis. ASU 2017-07 is effective for periods beginning after December 15, 2017. The presentation changes required for net periodic pension and postretirement benefit costs did not result in a material impact on the Company's operating income or other income for 2017 and 2018. The Company adopted ASU 2017-07 effective January 1, 2018 with no material impact on its financial statements.

Regulatory Assets and Liabilities

The Company is subject to accounting requirements for the effects of rate regulation. Regulatory assets represent probable future revenues associated with certain costs that are expected to be recovered from customers through the ratemaking process. Regulatory liabilities represent probable future reductions in revenues associated with amounts that are expected to be credited to customers through the ratemaking process.

Regulatory assets and liabilities reflected in the balance sheets at December 31, relate to:

	2018		2017
		<i>(in thousands)</i>	
Regulatory Assets			
Regulatory infrastructure programs	\$ 13,527	\$	14,322
Deferred customer conversion costs	926		1,128
Rate case expenses	1,054		686
Recoverable pension and retiree welfare benefit costs	494		613
Deferred piping	225		258
Pension costs - Southern Company Gas Acquisition	-		27
CRA under recovery	1,174		-
Deferred income tax adjustment	854		-
Total Regulatory Assets	\$ 18,254	\$	17,034
Regulatory Liabilities			
Accrued natural gas costs	\$ 596	\$	1,035
Energy conservation program and other	196		733
Deferred income tax credits ^(*)	24,098		24,232
Overrecovered SAFE/Franchise Costs	289		-
Deferred gain on sale of property	285		398
Total Liabilities	\$ 25,464	\$	26,398

(*) Includes excess deferred income tax liabilities resulting from the Tax Cuts and Jobs Act that was signed into law on December 22, 2017 and became effective January 1, 2018 (Tax Reform Legislation). See Note 3 under "Regulatory Matters" and Note 4 for additional details.

In the event that the Company's operations are no longer subject to applicable accounting rules for rate regulation, the Company would be required to write off to income related regulatory assets and liabilities that are not specifically recoverable through regulated rates. In addition, the Company would be required to determine if any impairment to other assets, including plant, exists and write down the assets, if impaired, to their fair values. All regulatory assets and liabilities are to be reflected in rates. See Note 3 under "Regulatory Matters" for additional information.

Revenues

The Company records revenues when goods or services are provided to customers. Those revenues are based on rates approved by the Florida Commission. The Company has a rate structure that includes a volumetric rate design that allows the opportunity to recover certain costs based on gas usage. Revenues from sales and transportation services are recognized in the same period in which the related volumes are delivered to customers. Revenues from residential and certain commercial and industrial customers are recognized on the basis of scheduled meter readings. Additionally, unbilled revenues are recognized for estimated deliveries of natural gas not yet billed to these customers, from the last bill date to the end of the accounting period. For other commercial and industrial customers, revenues are based on actual deliveries to the end of the period.

Concentration of Revenue

The Company has a diversified base of customers. No single customer or industry comprises 10% or more of revenues. For all periods presented, uncollectible accounts averaged less than 1% of revenues.

Cost of Natural Gas

The Company charges its customers for natural gas consumed using a natural gas cost recovery mechanism set by the Florida Commission, under which all prudently incurred natural gas costs are passed through to customers without markup, subject to regulatory review. The Company defers or accrues the difference between the actual cost of natural gas and the amount of commodity revenue earned in a given period such that no operating income is recognized related to these costs. The deferred or accrued amount is either billed or refunded to customers prospectively through adjustments to the commodity rate. Deferred and accrued natural gas costs are included in the balance sheets as regulatory assets and regulatory liabilities, respectively.

Income and Other Taxes

The Company uses the liability method of accounting for deferred income taxes and provides deferred income taxes for all income tax temporary differences. Federal investment tax credits (ITCs) utilized are deferred and amortized to income over the average life of the related property. Taxes that are collected from customers on behalf of governmental agencies to be remitted to these agencies are presented on the balance sheet.

The Company recognizes tax positions that are "more likely than not" of being sustained upon examination by the appropriate taxing authorities. See Note 4 under "Unrecognized Tax Benefits" for additional information.

Property, Plant, and Equipment

Property, plant, and equipment is stated at original cost less any regulatory disallowances and impairments. Original cost includes: materials; labor; minor items of property; appropriate administrative and general costs; payroll-related costs such as taxes, pensions, and other benefits. The cost of replacements of property, exclusive of minor items of property, is capitalized. The cost of maintenance, repairs, and replacement of minor items of property is charged to other operations and maintenance expenses as incurred or performed.

Depreciation

Depreciation of the original cost of utility plant in service is provided using composite straight-line rates, which approximated 3.1% and 4.7% for 2018 and 2017, respectively. Depreciation studies are conducted periodically to update the composite rate that is approved by the Florida Commission. When property subject to composite depreciation is retired or otherwise disposed of in the normal course of business, its original cost, together with the cost of removal, less salvage, is charged to accumulated depreciation. As such, gains or losses are not recognized, they are ultimately refunded to, or recovered from, customers through future rate adjustments. Minor items of property included in the original cost of the asset are retired when the related property unit is retired.

Acquisition Adjustment

Upon Southern Company Gas' acquisition of Pivotal Utility in 2004, a \$21.7 million positive acquisition adjustment was recorded for the difference between the cost of acquiring the Company and the original cost. The Florida Commission approved a 30-year amortization period for this adjustment and a roll forward of the accumulated amortization is as follows:

	<i>(in thousands)</i>	
December 31, 2016	\$	8,783
2017 amortization expense		722
December 31, 2017	\$	9,505
2018 amortization expense		722
December 31, 2018	\$	10,227

Cash Management Money Pool

Prior to the acquisition by NextEra Energy, the Company participated in Southern Company Gas' utility money pool, under which short-term borrowings were made from the money pool and surplus funds were contributed to the money pool. Borrowings from the money pool were recorded in the balance sheets as Accounts Payable to Associated Companies and interest expense on these borrowings is recorded in the statements of income as Interest on Debt to Associated Companies. See Note 7 for additional information.

Receivables and Provision for Uncollectible Accounts

The Company's receivables consist primarily of natural gas sales and transportation services billed to residential, commercial, industrial, and other customers. Customers are billed monthly and payment is due within 30 days. For the majority of receivables, a provision for uncollectible accounts is established based on historical collection experience and other factors. For the remaining receivables, if the Company is aware of a specific customer's inability to pay, a provision for uncollectible accounts is recorded to reduce the receivable balance to the amount the Company reasonably expects to collect. If circumstances change, the estimate of the recoverability of accounts receivable could change as well. Circumstances that could affect this estimate include, but are not limited to, customer credit issues, customer deposits, and general economic conditions. Customers' accounts are written off once they are deemed to be uncollectible.

Materials and Supplies

Generally, materials and supplies are charged to inventory when purchased and then expensed or capitalized to plant, as appropriate, at weighted average cost when installed.

Natural Gas for Sale

The Company's natural gas inventories are carried at cost on a weighted average cost of gas basis.

Fair Value Measurements

The Company has financial and nonfinancial assets and liabilities subject to fair value measurement. The carrying values of receivables, accounts payable, due to affiliates, other current assets and liabilities, accrued interest, and long-term debt approximate their respective fair value. The nonfinancial assets and liabilities include pension and other postretirement benefits for the year ended December 31, 2017. See Note 2 for additional fair value disclosures.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Company utilizes market data or assumptions that market participants would use in valuing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable. The Company primarily applies the market approach for recurring fair value measurements to utilize the best available information. Accordingly, the Company uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Fair value balances are classified based on the observance of those inputs. The guidance establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy defined by the guidance are as follows:

Level 1

Quoted prices in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. The Company's Level 1 items consist of money market funds and certain retirement plan assets.

Level 2

Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial and commodity instruments that are valued using valuation methodologies. These methodologies are primarily industry-standard methodologies that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data, or are supported by observable levels at which transactions are executed in the marketplace. Market price data is obtained from multiple sources in order to value certain Level 2 transactions and this data is representative of transactions that occurred in the marketplace. Level 2 instruments include certain retirement plan assets.

Level 3

Pricing inputs include significant unobservable inputs that may be used with internally developed methodologies to determine management's best estimate of fair value from the perspective of market participants. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs. Level 3 assets, liabilities, and any applicable transfers are primarily related to the Company's pension and other postretirement benefit plan assets as described in Note 2. Transfers into and out of Level 3 are determined using values at the end of the interim period in which the transfer occurred.

2. RETIREMENT BENEFITS

After the acquisition by NextEra Energy, the Company's employees will now participate in NextEra Energy's qualified noncontributory defined benefit pension plan. NextEra Energy uses multiemployer accounting and allocates net pension benefit income or expense to its subsidiaries based on the pensionable earnings of the subsidiaries' employees. The calculation includes several components of cost, offset by the expected return on plan assets. For the year ended December 31, 2018, NextEra Energy did not allocate any net pension benefit income or expense to the Company.

Prior to the acquisition by NextEra Energy, the Company participated in the Southern Company Gas qualified defined benefit, trustee, pension plan covering most eligible employees, which was closed in 2012 to new employees and reopened to all non-union employees on January 1, 2018. The qualified pension plan was funded in accordance with requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA). For the period from January 1, 2018 through July 29, 2018, the Company incurred \$205 thousand of net pension expense.

Southern Company Gas also provided certain non-qualified defined benefit and defined contribution pension plans for a selected group of the Company's management and highly compensated employees. Benefits under these non-qualified pension plans were funded on a cash basis. The Company also participated in the Southern Company Gas postretirement benefit plan, which provided certain medical care and life insurance benefits for eligible retired employees through a postretirement benefit plan.

The following reflects the Company's balances and activity under the multiple-employer method of accounting for the year ended December 31, 2017.

Actuarial Assumptions

The weighted average rates assumed in the actuarial calculations used to determine both the net periodic costs for the pension and other postretirement benefit plans for all periods presented and the benefit obligations as of the measurement date are presented below.

Assumptions used to determine net periodic costs:	Year Ended December 31, 2017
Pension plans	
Discount rate - interest costs	3.76 %
Discount rate - service costs	4.64
Expected long-term return on plan assets	7.60
Annual salary increase	3.50
Other postretirement benefit plans	
Discount rate - interest costs	3.40 %
Discount rate - service costs	4.55
Expected long-term return on plan assets	6.03
Annual salary increase	3.50

Assumptions used to determine benefit obligations:	December 31, 2017
Pension plans	
Discount rate	3.74 %
Annual salary increase	2.88
Other postretirement benefit plans	
Discount rate	3.62 %
Annual salary increase	2.56

The Company estimated the expected return on pension plan and other postretirement benefit plan assets by evaluating expected bond returns, equity risk premiums, asset allocations, the effects of active plan management, the impact of periodic plan asset rebalancing, and historical performance. The Company also considered guidance from its investment advisors in making a final determination of its expected rate of return on assets. To the extent the actual rate of return on assets realized over the course of a year was greater or less than the assumed rate, it did not affect that year's annual pension or other postretirement benefit plan cost; rather, this gain or loss reduced or increased future pension or other postretirement benefit plan costs.

An additional assumption used in measuring the accumulated other postretirement benefit obligations (APBO) was a weighted average medical care cost trend rate. The weighted average medical care cost trend rates used in measuring the APBO as of December 31, 2017 were as follows:

	Initial Cost Trend Rate	Ultimate Cost Trend Rate	Year That Ultimate Rate is Reached
Pre-65	6.40 %	4.50 %	2038
Post-65 medical	7.80	4.50	2038
Post-65 prescription	7.80	4.50	2038

An annual increase or decrease in the assumed medical care cost trend rate of 1% would affect the APBO; however, the impact on the service and interest cost components would be immaterial.

Pension Plans

The total accumulated benefit obligation for the pension plans was \$11.4 million at December 31, 2017. Changes in the projected benefit obligation and the fair value of plan assets for the Company's qualified pension plans for the year ended December 31, 2017 were as follows:

	2017 <i>(in thousands)</i>
Change in benefit obligation	
Benefit obligation at beginning of period	\$ 12,037
Service cost	278
Interest cost	634
Benefits paid	(592)
Actuarial loss	565
Benefit obligation at end of period	12,922
Change in plan assets	
Fair value of plan assets at beginning of period	9,183
Actual return on plan assets	1523
Employer contributions	-
Benefits paid	(592)
Fair value of plan assets at end of period	10,114
Accrued liability	\$ 2,808

Amounts recognized in the balance sheet at December 31, 2017 related to the Company's pension plans consist of the following:

	2017	
	<i>(in thousands)</i>	
Other regulatory assets, deferred	\$	614
Employee benefit obligations		(2,808)

Presented below is the amount included in accumulated OCI at December 31, 2017 related to the defined benefit pension plans that had not yet been recognized in net periodic pension.

	Prior Service Cost		Net Loss	
	<i>(in thousands)</i>			
Balance at December 31, 2017:				
Accumulated OCI	\$	(634)	\$	4,186

The components of OCI related to the defined benefit pension plans for the year ended December 31, 2017 was as follows:

	Accumulated OCI	
	<i>(in thousands)</i>	
Balance at December 31, 2016:	\$	4,210
Net loss		(311)
Reclassification adjustments:		
Amortization of prior service costs		68
Amortization of net loss		(415)
Total reclassification adjustments		(347)
Total change		(658)
Balance at December 31, 2017:	\$	3,552

The Company's pro rata components of Southern Company Gas' net periodic pension costs for the year ended December 31, was as follows:

	2017	
	<i>(in thousands)</i>	
Service cost	\$	278
Interest cost		634
Expected return on plan assets		(933)
Amortization:		
Prior service costs		(68)
Net loss		415
Net periodic pension cost	\$	326

Net periodic pension cost is the sum of service cost, interest cost, and other costs netted against the expected return on plan assets. The expected return on plan assets is determined by multiplying the expected rate of return on plan assets and the market-related value of plan assets.

Other Postretirement Benefits

Changes in the APBO and the fair value of plan assets for the year ended December 31, 2017 was as follows:

	2017	
	<i>(in thousands)</i>	
Change in benefit obligation		
Benefit obligation at beginning of period	\$	1,585
Service cost		13
Interest cost		54
Benefits paid		(201)
Actuarial (gain) loss		441
Benefit obligation at end of period		1,892
Change in plan assets		
Fair value of plan assets at beginning of period		1,696
Actual return on plan assets		514
Employer contributions		201
Benefits paid		(201)
Fair value of plan assets at end of year		2,210
Prepaid asset	\$	318

Amounts recognized in the balance sheet at December 31, 2017 related to the Company's other postretirement benefit plans consist of the following:

	2017	
	<i>(in thousands)</i>	
Employee benefit asset		318

Presented below is the amount included in accumulated OCI at December 31, 2017 related to the other postretirement benefit plans that had not yet been recognized in net periodic other postretirement benefit cost.

	Prior Service Cost		Net Loss	
	<i>(in thousands)</i>			
Balance at December 31, 2017:				
Accumulated OCI	\$	56	\$	468

The components of OCI related to the other postretirement benefit plans for the year ended December 31, 2017 was as follows:

	Accumulated OCI	
	<i>(in thousands)</i>	
Balance at December 31, 2016:	\$	561
Net gain		1
Reclassification adjustments:		
Amortization of net loss		(38)
Total change		(37)
Balance at December 31, 2017:	\$	524

The Company's pro rata components of Southern Company Gas' other postretirement benefit plans' net periodic cost for the year ended December 31, 2017 were as follows:

	2017	
	<i>(in thousands)</i>	
Service cost	\$	13
Interest cost		54
Expected return on plan assets		(84)
Amortization:		
Net loss		38
Net periodic postretirement benefit cost	\$	21

Benefit Plan Assets

Southern Company Gas' pension plan and other postretirement benefit plan assets were managed and invested in accordance with all applicable requirements, including ERISA and the Internal Revenue Code of 1986, as amended. The investment policies for both the pension plan and the other postretirement benefit plans covered a diversified mix of assets, including equity and fixed income securities, real estate, and private equity. Southern Company Gas minimized the risk of large losses primarily through diversification but also monitored and managed other aspects of risk.

The composition of Southern Company Gas' pension plan and other postretirement benefit plan assets as of December 31, 2017, is presented below:

	2017	
Pension plan assets:		
Equity	65	%
Fixed Income	19	
Cash	6	
Other	10	
Balance at end of period	100	%
Other postretirement benefit plan assets:		
Equity	76	%
Fixed Income	20	
Cash	2	
Other	2	
Total	100	%

The investment strategy for plan assets related to Southern Company Gas' qualified pension plan was to be broadly diversified across major asset classes. The asset allocation was established after consideration of various factors that affect the assets and liabilities of the pension plan including, but not limited to, historical and expected returns and interest rates, volatility, correlations of asset classes, the current level of assets and liabilities, and the assumed growth in assets and liabilities. Because a significant portion of the liability of the pension plan was long-term in nature, the assets were invested consistent with long-term investment expectations for return and risk. To manage the actual asset class exposures relative to the target asset allocation, Southern Company Gas employed a formal rebalancing program for its pension plan assets. As additional risk management, external investment managers and service providers were subject to written guidelines to ensure appropriate and prudent investment practices. Southern Company Gas management believed the portfolio was well-diversified with no significant concentrations of risk.

Investment Strategies

Detailed below was a description of the investment strategies for each major asset category for the Southern Company Gas pension and other postretirement benefit plans disclosed above:

- **Domestic equity.** A mix of large and small capitalization stocks with generally an equal distribution of value and growth attributes, managed both actively and through passive index approaches.
- **International equity.** A mix of growth stocks and value stocks with both developed and emerging market exposure, managed both actively and through passive index approaches.
- **Fixed income.** A mix of domestic and international bonds.
- **Special situations.** Investments in opportunistic strategies with the objective of diversifying and enhancing returns and exploiting short-term inefficiencies as well as investments in promising new strategies of a longer-term nature.
- **Real estate investments.** Investments in traditional private market equity-oriented investments in real properties (indirectly through pooled funds or partnerships) and in publicly traded real estate securities.
- **Private equity.** Investments in private partnerships that invest in private or public securities typically through privately-negotiated and/or structured transactions, including leveraged buyouts, venture capital, and distressed debt.

Benefit Plan Asset Fair Values

The following were the fair value measurements for the pension plan and the other postretirement benefit plan assets as of December 31, 2017. The fair values presented are prepared in accordance with GAAP. For purposes of determining the fair value of the pension plan and other postretirement benefit plan assets and the appropriate level designation, management relied on information provided by the plan's trustee. This information was reviewed and evaluated by management with changes made to the trustee information as appropriate. Southern Company Gas management believed the portfolio was well-diversified with no significant concentrations of risk.

Valuation methods of the primary fair value measurements disclosed in the following tables were as follows:

- **Domestic and international equity.** Investments in equity securities such as common stocks, American depositary receipts, and real estate investment trusts that trade on a public exchange are classified as Level 1 investments and are valued at the closing price in the active market. Equity investments with unpublished prices (i.e. pooled funds) are valued as Level 2, when the underlying holdings used to value the investment are comprised of Level 1 or Level 2 equity securities.
- **Fixed income.** Investments in fixed income securities are generally classified as Level 2 investments and are valued based on prices reported in the market place. Additionally, the value of fixed income securities takes into consideration certain items such as broker quotes, spreads, yield curves, interest rates, and discount rates that apply to the term of a specific instrument.
- **Real estate investments and private equity.** Investments in real estate, private equity, and special situations are generally classified as Net Asset Value as a Practical Expedient, since the underlying assets typically do not have publicly available observable inputs. The fund manager values the assets using various inputs and techniques depending on the nature of the underlying investments. Techniques may include purchase multiples for comparable transactions, comparable public company trading multiples, discounted cash flow analysis, prevailing market capitalization rates, recent sales of comparable investments, and independent third-party appraisals. The fair value of partnerships is determined by aggregating the value of the underlying assets less liabilities.

The Company's pro rata portion of fair values of pension plan assets as of December 31, 2017 is presented below. These fair value measurements exclude cash, receivables related to investment income, pending investments sales, and payables related to pending investment purchases. Absolute return investment assets are presented in the tables below based on the nature of the investment.

As of December 31, 2017	Fair Value Measurements Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Net Asset Value as a Practical Expedient (NAV)	
	<i>(in thousands)</i>			
Assets:				
Domestic equity ^(*)	\$ 1,655	\$ 3,457	\$ —	\$ 5,112

Total	\$ 93	\$ 2,089	\$ 28	\$ 2,210

(*) Level 1 securities consist of actively traded stocks while Level 2 securities consist of pooled funds.

3. CONTINGENCIES AND REGULATORY MATTERS

General Litigation Matters

The Company is subject to certain claims and legal actions arising in the ordinary course of business. The ultimate outcome of these matters and such pending or potential litigation against the Company cannot be determined at this time; however, for current proceedings not specifically reported herein, management does not anticipate that the ultimate liabilities, if any, arising from such current proceedings would have a material effect on the Company's financial statements.

Regulatory Matters

Regulatory Infrastructure Programs

The majority of the Company's regulatory assets and liabilities are included in base rates except for the regulatory infrastructure program costs, which are recovered through specific rate riders on a dollar-for-dollar basis. The rate riders that authorize the recovery of regulatory infrastructure program costs include both a recovery of cost and a return on investment during the recovery period. As discussed under "Base Rate Case" below, recovery of investments under the Company's Safety, Access, and Facility Enhancement (SAFE) program was included in base rates effective June 1, 2018.

In 2015, the Florida Commission approved the Company's SAFE program, under which costs incurred for replacing aging pipes are recovered through a rate rider with annual adjustments and true-ups. Under the program, the Company is authorized to spend \$105 million over a 10-year period on infrastructure relocation and enhancement projects.

In 2012, the Company developed a project that makes use of the Area Extension Program Charge (AEP) provided for in its tariff. Under the AEP, the Company is authorized to recover the costs of expansion to a single or multiple points in a geographical area when the cost of the facilities exceeds the maximum allowable investment under its tariff and the margin from the investment. The AEP is sufficient to recover the investment in ten years from the date the project is placed in service. The AEP is adjusted after the earlier of the third anniversary of the date when facilities were placed in service or when 80% of the estimated load from customers related to the expansion is added to the system.

Base Rate Case

In October 2017, Florida City Gas filed a general base rate case with the Florida Commission requesting an annual revenue increase of \$19 million, which included an interim rate increase of \$5 million annually that was approved and became effective January 12, 2018, subject to refund. On March 26, 2018, the Florida Commission approved a settlement that, after including the impact of the Tax Reform Legislation, provides for an \$11.5 million increase in annual base rate revenues, effective June 1, 2018, based on a ROE of 10.19%. Under the terms of the settlement, Florida City Gas agreed not to file a new base rate case with an effective date prior to June 1, 2022 and will receive full recovery of the construction costs related to Florida City Gas' liquefied natural gas facility through a step increase in rates.

4. INCOME TAXES

NextEra Energy will file a consolidated income tax return and various combined and separate state tax returns on behalf of the Company. Under the tax sharing agreement between NextEra Energy and certain of its subsidiaries, the income tax provision at each applicable subsidiary reflects the use of the "separate return method," except that tax benefits that could not be used on a separate return basis, but are used on the consolidated tax return, are recorded by the subsidiary that generated the tax benefits. Any remaining consolidated income tax benefits or expenses are recorded at the corporate level. Included in other regulatory assets and other regulatory liabilities on the Company's balance sheet is the revenue equivalent of the difference in deferred income taxes computed under accounting rules, as compared to regulatory accounting rules.

Prior to the acquisition, Southern Company filed a consolidated federal income tax return and various combined and separate state income tax returns, on behalf of the Company and Southern Company Gas. Under a joint consolidated income tax allocation agreement, each Southern Company subsidiary's current and deferred tax expense is computed on a stand-alone basis and no subsidiary is allocated more current expense than would be paid if it filed a separate income tax return. In accordance with Internal Revenue Service (IRS) regulations, the Company is jointly and severally liable for the federal tax liability.

Federal Tax Reform Legislation

On December 22, 2017, tax reform legislation was signed into law, which among other things, reduced the federal corporate income tax rate from 35% to 21% effective January 1, 2018. As a result, the Company performed an analysis to preliminarily revalue its deferred income taxes and included an estimate of changes in the balances in the Company's December 31, 2017 financial statements. At December 31, 2017, the revaluation reduced the Company's net deferred income tax liabilities by approximately \$24.2 million, which was recorded as a regulatory liability. At December 31, 2018, the Company has completed the accounting for all of the enactment-date income tax effects of tax reform resulting in no material adjustments in 2018 to the initial provisional amounts recorded.

Current and Deferred Income Taxes

Details of income tax provisions are as follows:

	2018	2017
	<i>(in thousands)</i>	
Federal —		
Current	\$ 3,441	\$ (4,765)
Deferred	(565)	8,080
	2,876	3,315
State —		
Current	434	(120)
Deferred	255	432
	689	312
Total	\$ 3,565	\$ 3,627

The tax effects of temporary differences between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases, which give rise to assets and liabilities are as follows:

	2018	2017
	<i>(in thousands)</i>	
Deferred tax liabilities —		
Property related	\$ 33,640	\$ 34,634
Regulatory assets associated with employee benefit obligations	125	163
Other	733	-
Total	\$ 34,498	\$ 34,797
Deferred tax assets —		
Federal net operating loss	\$ 765	52
Federal effect of state deferred taxes	-	819
Employee benefit obligations	2	1,323
Tax Reform Legislation	6,108	6,141
Bad debt and insurance reserves	-	245
Other	333	1,297
Total	7,208	9,877
Accumulated deferred income taxes, net	\$ 27,290	\$ 24,920

Deferred federal and state ITCs are amortized over the average life of the related property with such amortization normally applied as a credit to reduce depreciation in the statements of income. There were no credits amortized in this manner for either year ended December 31, 2017 or 2018 as all ITCs available to reduce federal income taxes payable had been utilized.

Effective Tax Rate

A reconciliation of the federal statutory income tax rate to the effective income tax rate is as follows:

	Years Ended December 31,	
	2018	2017
Federal statutory rate	21.0%	35.0%
State income tax, net of federal deduction	2.9	3.6
Amortization of deferred regulatory credit	-5.5	-
Other, net	0.4	0.5
Effective income tax rate	18.8%	39.1%

Unrecognized Tax Benefits

The Company has no unrecognized tax benefits for any year presented.

The Company classifies interest on tax uncertainties as interest expense; however, the Company had no accrued interest or penalties for unrecognized tax benefits for any year presented.

It is reasonably possible that the amount of the unrecognized tax benefits could change within 12 months. The settlement of federal and state audits could impact the balances. At this time, an estimate of the range of reasonably possible outcomes cannot be determined.

The tax year 2018 (Federal and State) remain subject to examination by the Company's major tax jurisdictions.

5. FINANCING

Gas Facility Revenue Bonds

The Company was party to a series of loan agreements with Brevard County, Florida under which a series of gas facility revenue bonds had been issued. These revenue bonds were issued by state agencies or counties to investors, and proceeds from each issuance then were loaned to the Company. Southern Company Gas fully and unconditionally guaranteed all of the Company's gas facility revenue bonds. On April 27, 2018, the gas facility revenue bonds were redeemed.

Affiliate Promissory Note with Southern Company Gas

Pivotal Utility entered into a promissory note with Southern Company Gas (Affiliate Promissory Note) for the purpose of refinancing its short-term debt and recapitalizing its capital structure and those of its utility operating divisions, in accordance with the target capitalization of 45% and with authorization of the Florida Commission. The Affiliate Promissory Note was adjusted periodically to maintain the appropriate targeted capitalization percentages. During 2017, \$1.2 million was converted to the Affiliate Promissory Note and \$14.2 million was converted to equity. The Affiliate Promissory Note was due December 31, 2034 and had an initial interest rate at December 31, 2004 of 6.3%, which was adjusted on a periodic basis based upon weighted average costs and expenses of borrowing the then-outstanding long-term debt of both Southern Company Gas and Southern Company Gas Capital Corporation, a 100%-owned financing subsidiary of Southern Company Gas. On June 27, 2018, the affiliate promissory note was settled with Southern Company Gas.

The following table provides year-to-date weighted average interest rates and amounts outstanding for various debt securities and facilities that are included in the balance sheet as of December 31, 2018 and 2017.

	December 31, 2018		December 31, 2017	
	Weighted average interest rate	Outstanding	Weighted average interest rate	Outstanding
<i>(Dollars in thousands)</i>				
Gas facility revenue bonds	1.9 %	\$ -	1.7 %	\$ 20,000
Affiliate promissory note	4.5 %	-	4.5 %	82,661
Total long-term debt	4.2 %	\$ -	4.0 %	\$ 102,661

Affiliate Loan Agreement with FPL

Pivotal Utility entered into a loan agreement with FPL for the purpose of funding the Company's ongoing cash and working capital requirements in accordance with the capitalization structure discussed above. The loan agreement is available from January 1, 2019 through January 1, 2069, (the Availability Period). The agreement allows for a maximum of \$50 million of short-term loans to be outstanding at one time through the Availability Period. Each short-term loan will not exceed a 365 day term. The agreement also allows for a maximum of \$250 million of long-term loans to be outstanding at one time through the Availability Period. Long-terms loans will have a term between 1 year and 50 years, not to exceed the Availability Period. The interest rates for the loans will be variable and equal to FPL's weighted average debt. In February 2019, a total of \$180 million of long-term debt was borrowed to balance the capital structure.

6. COMMITMENTS

Pipeline charges, storage capacity, and gas supply include charges recoverable through a natural gas cost recovery mechanism, or alternatively, billed to marketers of natural gas as well as demand charges associated with Sequent Energy Management, L.P. (Sequent), a wholly-owned subsidiary of Southern Company Gas that engages in wholesale marketing of natural gas supply services.

The Company has also made commitments in connection with a portion of their projected capital expenditures. Capital expenditures include, among other things, the cost for construction or acquisition of additional facilities and equipment to meet customer demand, as well as capital improvements to and maintenance to existing facilities.

Contractual obligations and estimated expenditures at December 31, 2018 were as follows:

	2019	2020	2021	2022	Thereafter	Total
	<i>(in thousands)</i>					
Pipeline charges, storage capacity, and gas supply ^(a)	\$ 11,073	\$ 8,120	\$ 4,338	\$ 3,833	\$ 12,839	\$ 40,203
Capital expenditures ^(b)	105,000	41,000	42,000	43,000	44,000	275,000
Total	116,073	49,120	46,338	46,833	56,839	315,203

(a) Includes charges recoverable through a natural gas cost recovery mechanism, subject to review by the Florida Commission.

(b) Represents projected capital expenditures through 2023 for which applicable internal approvals (and also, if applicable, regulatory approvals) have been received. The above estimates are subject to continuing review and adjustment and actual capital expenditures may vary significantly from estimates.

7. AFFILIATE TRANSACTIONS

The Company has an asset management agreement (AMA) with Sequent, an affiliate of Southern Company, for transportation and storage capacity to meet natural gas demands. The AMA has a profit sharing structure without any minimum fixed fee, where the net margin is split evenly between the Company and Sequent. As part of the AMA, the parties had executed a Gas Purchase and Sale Agreement where, to the extent requested by the Company, Sequent purchased and sold natural gas to meet the Company's gas supply requirements. The following table provides additional information on the Company's asset management agreements with Sequent.

	Expiration date	Type of fee structure	Annual fee	Profit sharing/fees payments	
				2018	2017
Florida City Gas	(*)	Profit-sharing	50%	\$ 1,289	\$ 1,276

(*) On January 1, 2019, the Company gave 90 days notice of cancellation of the Gas and Purchase Sale Agreement. Beginning April 1, 2019, FPL will purchase and sell natural gas to meet the Company's gas supply requirements.

Amounts Due to Affiliates

The Company had \$1.5 million in payables at December 31, 2018, which was due to FPL, primarily related to corporate support provided by the affiliated entity. The Company had \$20.0 million in payables at December 31, 2017, which was due to Southern Company Gas, primarily related to the participation in the Southern Company Gas money pool. See Note 5 for additional information on the Affiliate Promissory Note and Affiliate Loan Agreement.

Prior to the acquisition, the Company was covered by Southern Company Gas' agreement with Southern Company Services, Inc. under which various services were being rendered to the Company as direct or allocated cost. Additionally, the Company engaged in transactions with Southern Company Gas' affiliates consistent with its services and tax allocation agreements.

8. SUBSEQUENT EVENTS

Management evaluated subsequent events for potential recognition and disclosure through July 29, 2019, the date these financial statements were available to be issued, and determined that no significant events have occurred subsequent to period end.

**RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME
 FOR FEDERAL INCOME TAXES**

1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.

2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, allocation, assignment, or sharing of the consolidated tax among the group members.

GAS OPERATING REVENUES (Account 400)

1. Report below natural gas operating revenues for each prescribed account in total.
2. Report number of customers, columns (f) and (g), on the basis of meters, except that where separate meter readings are added for billing purposes, one customer should be counted for each group of meters added. The average number of customers means the average of twelve figures at the close of each month.
3. Report quantities of natural gas sold in therms (14.73 psia at 60 F).
4. Report gas service revenues and therms sold by rate schedule.
5. If increases or decreases from previous year (columns (c),(e), and (g)), are not derived from previously reported figures, explain any inconsistencies in a footnote.

DISTRIBUTION OF SALARIES AND WAGES

Report below the distribution of total salaries and wages for the year. Segregate amounts originally charged to clearing accounts to Utility Departments, Construction, Plant Removals, and Other Accounts, and enter such amounts in the appropriate lines and columns provided. In determining this segregation of salaries and wages originally charged to clearing accounts, a method of approximation giving substantially correct results may be used.

**Reconciliation of Gross Operating Revenues
 Annual Report versus Regulatory Assessment Fee Return**

For the current year, reconcile the gross operating revenues as reported on Page 26 of this report with the gross operating revenues as reported on the utility's regulatory assessment fee return. Explain and justify any differences between the reported gross operating revenues in column (f).

Line No.	(a) Description	(b) Gross Operating Revenues per Page 26	(c) Interstate and Sales for Resale Adjustments	(d) Adjusted Intrastate Gross Operating Revenues	(e) Intrastate Gross Operating Revenues per RAF Return	(f) Difference (d) - (e)
1	Total Sales to Ultimate Customers (480-482, 484)	60,601,283		60,601,283	62,649,626	(2,048,343)
2	Sales for Resale (483)	5		5	-	5
3	Total Natural Gas Service Revenues	60,601,288		60,601,288	62,649,626	(2,048,338)
4	Total Other Operating Revenues (485-495)	32,238,673		32,238,673	30,028,496	2,210,177
5	Total Gas Operating Revenues	92,839,961		92,839,961	92,678,122	161,839
6	Provision for Rate Refunds (496)	-				
7	Other (Specify)	-				
8						
9						
10	Total Gross Operating Revenues	92,839,961		92,839,961	92,678,122	161,839

Notes:

Gas Operating Revenues on page 26 includes accounts listed below not includable in the RAF.

Account

AEP Carrying Charges	279,099
Unrecovered (Recovered) Equity for SAFE Revenues ⁽¹⁾	(164,006)
Minor Reconciling Item	53
Misc. Operating Revenues	46,693
	<u>161,839</u>

⁽¹⁾ The inclusion of the SAFE equity component of revenues for the 2018 RAF filing that were not included in the filing for 2017.

NEW OR AMENDED CONTRACTS WITH AFFILIATED COMPANIES

Provide a synopsis of each new or amended contract, agreement, or arrangement with affiliated companies for the purchase, lease, or sale of land, goods, or services (excluding tariffed items). The synopsis shall include, at a minimum, the terms, price, quantity, amount, and duration of the contracts.

Name of Affiliate	Synopsis of Contract
None	

INDIVIDUAL AFFILIATED TRANSACTIONS IN EXCESS OF \$25,000

Provide information regarding individual affiliated transactions in excess of \$25,000. Recurring monthly affiliated transactions which exceed \$25,000 per month should be reported annually in the aggregate. However, each land or property sales transaction even though similar sales recur, should be reported as a "non-recurring" item for the period in which it occurs.
