## **INDEPENDENT AUDITOR'S REPORT**

Pivotal Utility Holdings, Inc.  
700 Universe Blvd.  
Juno Beach, FL

### **Opinion**

We have audited the financial statements of Pivotal Utility Holdings, Inc. d/b/a Florida City Gas ("Florida City Gas" or the "Company"), a wholly-owned subsidiary of Florida Power & Light Company, which comprise the balance sheet – regulatory basis as of December 31, 2022, and the related statements of income – regulatory basis, retained earnings – regulatory basis, and cash flows – regulatory basis, for the year then ended, included on pages 10 through 18 of the Company's Annual Report of Natural Gas Utilities, and the related notes to the financial statements (the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the assets, liabilities, and proprietary capital of the Company as of December 31, 2022, and the results of its operations and its cash flows for the year then ended in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter - Basis of Accounting**

As discussed in Note 1 to the financial statements, these financial statements were prepared in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America. As a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Restriction on Use**

This report is intended solely for the information and use of the members and management of the Company and for filing with the Florida Public Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

**INSTRUCTIONS FOR FILING THE  
ANNUAL REPORT OF NATURAL GAS UTILITIES**

**GENERAL INSTRUCTIONS**

- I. Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpret all accounting words and phrases in accordance with the U.S. of A.
- II. Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- IV. For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
- V. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
- VI. Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- VII. Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
- VIII Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.

**DEFINITIONS**

- I. Btu per cubic foot - The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. <sup>2</sup>) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
- II. Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

**SECURITY HOLDERS AND VOTING POWERS**

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

2. If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became vested with voting rights and

give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent: if contingent, describe the contingency.

3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders. This instruction is inapplicable to convertible securities or to any securities substantially all of which are outstanding in the hands of the general public where the options, warrants or rights were issued on a prorata basis.

1. Give date of the latest closing of the stock book prior to the end year, and state the purpose of such closing:

2. State the total number of votes cast at the latest general meeting prior to the end of year for the election of directors of the respondents and number of such votes cast by proxy.

4. Important leaseholds (other than leaseholds for natural gas lands) that have been acquired or given, assigned or surrendered: Give effective dates, lengths of terms, names of parties, rents, and other conditions. State name of Commission authorizing lease and give reference to such authorization.

5. Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased give reference to Commission authorization, if any was required. State also the approximate number of customers added or lost and approximate annual revenues of each class of service. Each natural gas company must also state major new continuing sources of gas made available to it from purchases,

development, purchase contract or otherwise, giving location and approximate total gas volumes available, period of contracts, and other parties to any such arrangements etc.

6. Obligations incurred or assumed by respondent as guarantor for the performance by another of any agreement or obligation, including ordinary commercial paper maturing on demand or not later than one year after date of issue: State on behalf of whom the obligation was assumed and amount of the obligation. Give reference to Commission authorization if any was required.

7. Changes in articles of incorporation or amendments to charter: Explain the nature and purpose of such changes or amendments.

8. State the estimated annual effect and nature of any important wage scale changes during the year.

9. State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.

10. State briefly the status of any materially important transactions of the respondent not disclosed elsewhere in this report in which an officer director, security holder reported on page 8, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.

11. Estimate increase or decrease in annual revenues due to important rate changes: State effective rate and approximate amount of increase or decrease from each revenue classification. State the number of customers affected.

12. If the important changes during the year relating to the respondent company appearing in the annual report to stockholders are applicable in every respect and furnish the data required by instruction 1 to 11 above, such notes may be attached to this page.

1. In 2022, FCG renewed franchise agreements for a 30 year term with the municipalities listed below:

City of Miramar: the franchise fee was reduced from 7% to 6%  
City of North Miami Beach: the franchise fee was reduced from 7% to 6%  
City of West Miami: the franchise fee was reduced from 10% to 6%  
City of North Miami: renewed at the existing rate of 6%

**STATEMENT OF INCOME**

1. Report amounts for Accounts 412 and 413, Revenue and Expenses from Utility Plant Leased to Others, in another utility column (i,k,m,o) in a similar manner to a utility department. Spread the amount(s) over lines 01 through 24 as appropriate. Include these amounts in columns (c) and (d) totals.

2. Report amounts in Account 414, Other Utility Operating Income, in the same manner as Accounts 412 and 413 above.

3. Report data for lines 7,9,10 for Natural Gas companies using accounts 404.1, 404.2, 404.3, 407.1 and 407.2.

4. Use page 19 for important notes regarding the statement of income or any account thereof.

5. Give concise explanations on page 19 concerning

unsettled rate proceedings where a contingency exists such that refunds of a material amount may need to be made to the utility's customers or which may result in a material refund to the utility with respect to power or gas purchases. State for each year affected the gross revenues or costs to which the contingency relates and the tax effects together with an explanation of the major factors which affect the rights of the utility to retain such revenues or recover amounts paid with respect to power and gas purchases.

6. Give concise explanations on page 19 concerning significant amounts of any refunds made or received during the year resulting from settlement of any rate proceeding affecting

**STATEMENT OF CASH FLOWS**

1. If the notes to the cash flow statement in the respondent's annual stockholders report are applicable to this statement, such notes should be attached to page 19. Information about noncash investing and financing activities should be provided on page 19. Provide also on page 19 a reconciliation between "Cash and Cash Equivalents at end of Year" with related amounts on the balance sheet.

3. Operating Activities - Other: include gains and losses pertaining to operating activities only. Gains and losses pertaining to investing and financing activities should be reported in those activities. Show on page 19 the amounts of interest paid (net of amounts capitalized) and income taxes paid.

2. Under "Other" specify significant amounts and group others.

**Pivotal Utility Holdings, Inc. d/b/a Florida City Gas**  
**Notes to Financial Statements**  
**December 31, 2022 and 2021**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**General**

Pivotal Utility Holdings, Inc. (Pivotal Utility) d/b/a Florida City Gas (the Company) engages in the sale and distribution of natural gas to approximately 118 thousand customers in Florida's Miami-Dade, Brevard, St. Lucie and Indian River counties. Pivotal Utility is a wholly owned subsidiary of Florida Power & Light Company (FPL) and FPL is a wholly owned subsidiary of NextEra Energy, Inc. (NextEra Energy).

The financial statements included herein are prescribed by the requirements of the Florida Public Service Commission (FPSC) and are prepared in accordance with the accounting requirements of the Federal Energy Regulatory Commission (FERC) as set forth in its applicable Uniform System of Accounts and published releases. This is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). The significant differences consist of the following:

- The presentation of the current portions of long-term debt and regulatory assets/liabilities as long-term.
- The presentation of deferred income tax assets and liabilities on a gross basis rather than as a net amount.
- The presentation of accumulated removal costs as a component of accumulated depreciation rather than as a regulatory liability.
- The presentation of debt issuance costs as a deferred debit instead of a liability that offsets the related debt balances.
- The classification of the provision for income taxes in net utility operating income.
- The omission of the statement of retained earnings for prior year for a comparative presentation.
- The presentation of operating lease assets and liabilities on the balance sheets.

The preparation of financial statements requires the use of estimates and the actual results may differ from those estimates.

**Regulatory Assets and Liabilities**

The Company is subject to accounting requirements for the effects of rate regulation. Regulatory assets represent probable future revenues associated with certain costs that are expected to be recovered from customers through the ratemaking process. Regulatory liabilities represent probable future reductions in revenues associated with amounts that are expected to be credited to customers through the ratemaking process.

Regulatory assets and liabilities reflected in the balance sheets at December 31, relate to:

	2022	2021
	<i>(in thousands)</i>	
<b>Regulatory Assets:</b>		
Regulatory infrastructure programs	\$ 1,593	\$ 2,151

Total Regulatory Assets	<u>\$ 12,149</u>	<u>\$ 11,313</u>
<b>Regulatory Liabilities:</b>		
Deferred income tax credits(*)	\$ 18,882	\$ 19,943
Overrecovered SAFE/Franchise Costs	146	—
Unbilled Revenue	2,865	2,343
Total Regulatory Liabilities	<u>\$ 21,893</u>	<u>\$ 22,286</u>

(\*) Includes excess deferred income tax liabilities resulting from the Tax Cuts and Jobs Act that was signed into law on December 22, 2017 and became effective January 1, 2018 (Tax Reform Legislation). See Note 3 - Regulatory Matters and Note 4 for additional details.

In the event that the Company's operations are no longer subject to applicable accounting rules for rate regulation, the Company would be required to write off to income related regulatory assets and liabilities that are not specifically recoverable through regulated rates. In addition, the Company would be required to determine if any impairment to other assets, including plant, exists and write down the assets, if impaired, to their fair values. All regulatory assets and liabilities are to be reflected in rates. See Note 3 - Regulatory Matters for additional information.

## Revenues

The Company records revenues when goods or services are provided to customers. Those revenues are based on rates approved by the FPSC. The Company has a rate structure that includes a volumetric rate design that allows the opportunity to recover certain costs based on gas usage. Revenues from sales and transportation services are recognized in the same period in which the related volumes are delivered to customers. Revenues from residential and certain commercial and industrial customers are recognized on the basis of scheduled meter readings. Additionally, unbilled revenues are recognized for estimated deliveries of natural gas not yet billed to these customers, from the last bill date to the end of the accounting period. For other commercial and industrial customers, revenues are based on actual deliveries to the end of the period.

## Concentration of Revenue

The Company has a diversified base of customers. No single customer or industry comprises 10% or more of revenues. For all periods presented, uncollectible accounts averaged less than 1% of revenues.

## Cost of Natural Gas

The Company charges its customers for natural gas consumed using a natural gas cost recovery mechanism set by the FPSC, under which all prudently incurred natural gas costs are passed through to customers without markup, subject to regulatory review. The Company defers or accrues the difference between the actual cost of natural gas and the amount of commodity revenue earned in a given period such that no operating income is recognized related to these costs. The deferred or accrued amount is either billed or refunded to customers prospectively through adjustments to the commodity rate. Deferred and accrued natural gas costs are included in the balance sheets as regulatory assets and regulatory liabilities, respectively.

## Income and Other Taxes

The Company uses the liability method of accounting for deferred income taxes and provides deferred income taxes for all income tax temporary differences. Federal investment tax credits (ITCs) utilized are deferred and amortized to income over the average life of the related property. Taxes that are collected from customers on behalf of governmental agencies to be remitted to these agencies are presented on the balance sheet.

The Company recognizes tax positions that are "more likely than not" of being sustained upon examination by the appropriate taxing authorities. See Note 4 - Unrecognized Tax Benefits for additional information.

## Property, Plant, and Equipment

Property, plant, and equipment is stated at original cost less any regulatory disallowances and impairments. Original cost includes: materials; labor; minor items of property; appropriate administrative and general costs; payroll-related costs such as taxes, pensions, and other benefits. The cost of replacements of property, exclusive of minor items of property, is capitalized. The cost of maintenance, repairs, and replacement of minor items of property is charged to other operations and maintenance expenses as incurred or performed.

## Depreciation

Depreciation of the original cost of utility plant in service is provided using composite straight-line rates, which approximated 2.9% for 2022 and 2021. Depreciation studies are conducted periodically to update the composite rate that is approved by the FPSC. When property subject to composite depreciation is retired or otherwise disposed of in the normal course of business, its original cost, together with the cost of removal, less salvage, is charged to accumulated depreciation. As such, gains or losses are not recognized, they are ultimately refunded to, or recovered from, customers through future rate adjustments. Minor items of property included in the original cost of the asset are retired when the related property unit is retired.

## Acquisition Adjustment

Until July 2018, the Company was held by Southern Company Gas, a wholly-owned, direct subsidiary of Southern Company. Upon Southern Company Gas' acquisition of Pivotal Utility in 2004, a \$21.7 million positive acquisition adjustment was recorded for the difference between the cost of acquiring the Company and the original cost. The FPSC approved a 30-year amortization period for this adjustment and a roll forward of the accumulated amortization is as follows:

	<i>(in thousands)</i>
December 31, 2020	\$ 11,671
2021 amortization expense	722
December 31, 2021	12,393
2022 amortization expense	722
December 31, 2022	\$ 13,115

## Measurement of Credit Losses on Financial Instruments

Effective January 1, 2020, the Company adopted an ASU that provides for a new methodology, the current expected credit loss (CECL) model, to account for credit losses for certain financial assets, including customer receivables. The CECL model requires an entity to consider current conditions and reasonable and supportable forecasts in addition to historical information when developing an allowance for credit losses. The Company books the estimate of lifetime credit losses in the month revenue is recognized or in the month losses on previously recognized revenues are identified. As of December 31, 2022 and 2021, the Company has a provision for uncollectible customer accounts of approximately \$0.6 million and \$0.8 million, respectively.

## **Receivables and Provision for Uncollectible Accounts**

The Company's receivables consist primarily of natural gas sales and transportation services billed to residential, commercial, industrial, and other customers. Customers are billed monthly and payment is due within 30 days. For the majority of receivables, a provision for uncollectible accounts is established based on historical collection experience and other factors. For the remaining receivables, if the Company is aware of a specific customer's inability to pay, a provision for uncollectible accounts is recorded to reduce the receivable balance to the amount the Company reasonably expects to collect. If circumstances change, the estimate of the recoverability of accounts receivable could change as well. Circumstances that could affect this estimate include, but are not limited to, customer credit issues, customer deposits, and general economic conditions. Customers' accounts are written off once they are deemed to be uncollectible.

## **Materials and Supplies**

Generally, materials and supplies are charged to inventory when purchased and then expensed or capitalized to plant, as appropriate, at weighted average cost when installed.

## **Natural Gas for Sale**

The Company's natural gas inventories are carried at cost on a weighted average cost of gas basis.

## **Fair Value of Financial Instruments**

The carrying amount of financial instruments, including receivables, accounts payable, due to affiliates, other current assets and liabilities and accrued interest, approximates fair value due to the short maturity of these instruments.

## **Intangibles - Internal-Use Software**

The Company capitalizes qualifying implementation costs incurred to develop or obtain internal use software associated with cloud computing and hosting arrangements. Consistent with FERC accounting guidance, as of December 31, 2022 and 2021, the Company has recognized approximately \$5.5 million and \$5.5 million, respectively, of implementation costs as capital and these costs are included in total utility plant. The costs are included in depreciation and amortization over the 20-year term of the arrangement. As of December 31, 2022 and 2021, the Company has approximately \$10.5 million and \$10.7 million, respectively, of prepayments relating to perpetual licensing fees which is being amortized to operation expenses over the 20 year life of the agreement.

## **2. RETIREMENT BENEFITS**

The Company's employees participate in NextEra Energy's qualified noncontributory defined benefit pension plan. NextEra Energy uses multiemployer accounting and allocates net pension benefit income or expense to its subsidiaries based on the pensionable earnings of the subsidiaries' employees. The calculation includes several components of cost, offset by the expected return on plan assets. For the year ended December 31, 2022 and 2021, NextEra Energy allocated approximately \$1.3 million and \$0.9 million, respectively, of net pension benefit income to the Company.

## **3. CONTINGENCIES AND REGULATORY MATTERS**

### **General Litigation Matters**

The Company is subject to certain claims and legal actions arising in the ordinary course of business. The ultimate outcome of these matters and such pending or potential litigation against the Company cannot be determined at this time; however, for current proceedings not specifically reported herein, management does not anticipate that the ultimate liabilities, if any, arising from such current proceedings would have a material effect on the Company's financial statements.

### **Regulatory Matters**

#### ***Regulatory Infrastructure Programs***

The majority of the Company's regulatory assets and liabilities are included in base rates except for the net clause under recovery balances and for the regulatory infrastructure program costs, which are recovered through specific rate riders on a

dollar-for-dollar basis. The rate riders that authorize the recovery of regulatory infrastructure program costs include both a recovery of cost and a return on investment during the recovery period.

In 2015, the FPSC approved the Company's Safety, Access, and Facility Enhancement (SAFE) program, under which costs incurred for replacing aging pipes are recovered through a rate rider with annual adjustments and true-ups. Under the program, the Company is authorized to spend \$105 million over a 10-year period on infrastructure relocation and enhancement projects. As part of its base rate case currently pending before the FPSC, FCG has requested approval to (i) continue the SAFE program beyond 2025 and (ii) expand the SAFE program to include the replacement of approximately 160 miles of early vintage polymer pipelines. If approved, the estimated cost, schedule, and recovery period will be addressed in a subsequent filing(s) with the FPSC.

In 2012, the Company developed a project that makes use of the Area Extension Program (AEP) provided for in its tariff. Under the AEP, the Company is authorized to recover the costs to extend service to a single point or multiple points in a geographical area when the cost of the facilities exceeds the maximum allowable investment under its tariff and the margin from the investment. The AEP charge is initially set at a rate sufficient to recover the investment in ten years from the date the project is placed in service. The Company reassesses the amount of additional revenue required to recover the unamortized excess cost of the facilities and re-calculated the AEP charge multiple times during the ten-year recovery period.

### ***Base Rates***

In March 2018, the FPSC issued an order approving a stipulation and settlement between the Company and several intervenors in the Company's base rate proceeding that, after including the impact of the tax reform legislation, provides for an \$11.5 million increase in annual base rate revenues, effective June 1, 2018. The stipulation and settlement also provided that the Company is permitted to recover the construction costs related to a liquefied natural gas storage facility through an increase in rates to become effective when the facility is placed in service. The storage facility will improve reliability and capacity at the southern section of the Company's system. Under the terms of the settlement, the Company's allowed regulatory ROE is 10.19%, with a range of 9.19% to 11.19%. However, if the Company's earned regulatory ROE falls below 9.19%, the Company may seek retail rate relief. If the earned regulatory ROE rises above 11.19%, any party with standing, other than the Company, may seek a review of the Company's retail base rates. The Company agreed not to file a new base rate case with an effective date prior to June 1, 2022.

On May 31, 2022, FCG filed a general base rate increase with the FPSC based on a projected 2023 Test Year. FCG proposed a four-year rate plan with a single total base revenue increase of \$28.3 million, which included an incremental increase of \$18.8 million, the previously approved increase of \$3.8 million for a Liquefied Natural Gas (LNG) Facility, and \$5.7 million to transfer the SAFE investments from clause to base. If approved, FCG's proposed four-year rate plan would avoid another general base rate increase until at least the end of 2026. In the event the FPSC declined to approve the proposed four-year rate plan, FCG also proposed an alternative one-year rate plan with a total base revenue increase of \$31.3 million, which included an incremental increase of \$21.5 million, the previously approved increase of \$3.8 million for a LNG Facility, and \$6.0 million to transfer the SAFE investments from clause to base. On March 28, 2023, the FPSC approved a four-year rate plan with an adjusted single total base revenue increase of approximately \$23.3 million, which included an incremental increase of approximately \$14.1 million, the previously approved increase of \$3.8 million for the LNG Facility, and approximately \$5.3 million to transfer the SAFE investments from clause to base. The FPSC will issue a final order on May 15, 2023.

## **4. INCOME TAXES**

NextEra Energy will file a consolidated income tax return and various combined and separate state tax returns on behalf of the Company. Under the tax sharing agreement between NextEra Energy and certain of its subsidiaries, the income tax provision at each applicable subsidiary reflects the use of the "separate return method," except that tax benefits that could not be used on a separate return basis, but are used on the consolidated tax return, are recorded by the subsidiary that generated the tax benefits. Any remaining consolidated income tax benefits or expenses are recorded at the corporate level. Included in other regulatory assets and other regulatory liabilities on the Company's balance sheet is the revenue equivalent of the difference in deferred income taxes computed under accounting rules, as compared to regulatory accounting rules.

The components of income taxes are as follows:

	2022	2021
	<i>(in thousands)</i>	
Federal ---		
Current	\$ 2,679	\$ 3,238
Deferred	191	(78)

Deferred	510	509
	<u>973</u>	<u>875</u>
Total	<u>\$ 3,843</u>	<u>\$ 4,035</u>

The tax effects of temporary differences between the carrying amounts of assets and liabilities in the financial statements and their respective tax bases, which give rise to assets and liabilities are as follows:

	2022	2021
	<i>(in thousands)</i>	
Deferred tax liabilities —		
Property related	\$ 37,940	\$ 37,171
Regulatory assets associated with employee benefit obligations	955	695

Total	<u>5,486</u>	<u>5,771</u>
Accumulated deferred income taxes, net	<u>\$ 34,595</u>	<u>\$ 33,048</u>

### Effective Tax Rate

A reconciliation of the federal statutory income tax rate to the effective income tax rate is as follows:

	Years Ended December 31,	
	2022	2021
Federal statutory rate	21.0%	21.0%
State income tax, net of federal deduction	4.5	3.7
Amortization of deferred regulatory credit	(3.7)	(3.2)
Other, net	0.5	0.2
Effective income tax rate	<u>22.3%</u>	<u>21.7%</u>

### Unrecognized Tax Benefits

The Company has no unrecognized tax benefits for any year presented. The Company classifies interest on tax uncertainties as interest expense; however, the Company had no accrued interest or penalties for unrecognized tax benefits for any year presented. It is reasonably possible that the amount of the unrecognized tax benefits could change within 12 months. The settlement of federal and state audits could impact the balances. At this time, an estimate of the range of reasonably possible outcomes cannot be determined. The tax years 2018 through 2021 (Federal and State) remain subject to examination by the Company's major tax jurisdictions.

## 5. FINANCING

### Affiliate Loan Agreement with FPL

The Company entered into a loan agreement with FPL for the purpose of funding the Company's ongoing cash and working capital requirements. The loan agreement is available from January 1, 2019 through January 1, 2069, (the Availability Period). The agreement allows for a maximum of \$150 million of short-term loans and \$300 million of long-term loans to be outstanding at one time through the Availability Period. Each short-term loan will not exceed a 365 day term. Long-term loans will have a term between 1 year and 50 years, not to exceed the Availability Period. The interest rates for the loans will be variable and equal to FPL's weighted average debt.

At December 31, 2022 and 2021, amounts outstanding were as follows:

	December 31, 2022		December 31, 2021	
	Weighted-average interest rate	Outstanding	Weighted-average interest rate	Outstanding
	(in thousands)			
Long-term loans	3.53%	\$ 176,150	3.72%	\$ 170,625
Short-term loans	1.13%	25,150	0.45%	24,375
<b>Total</b>		<b>\$ 201,300</b>		<b>\$ 195,000</b>

## 6. COMMITMENTS

Pipeline charges and storage capacity include charges recoverable through a natural gas cost recovery mechanism, or alternatively, billed to marketers of natural gas.

The Company has also made commitments in connection with a portion of their projected capital expenditures. Capital expenditures include, among other things, the cost for construction or acquisition of additional facilities and equipment to meet customer demand, as well as capital improvements to and maintenance to existing facilities.

Contractual obligations and estimated expenditures at December 31, 2022 were as follows:

	2023	2024	2025	2026	2027	Thereafter	Total
	(in thousands)						
Pipeline charges and storage capacity <sup>(a)</sup>	\$ 10,382	\$ 10,449	\$ 9,654	\$ 9,289	\$ 9,289	\$ 23,931	\$ 72,994
Capital expenditures <sup>(b)</sup>	52,925	50,597	50,345	52,273	52,312	—	258,452
<b>Total</b>	<b>\$ 63,307</b>	<b>\$ 61,046</b>	<b>\$ 59,999</b>	<b>\$ 61,562</b>	<b>\$ 61,601</b>	<b>\$ 23,931</b>	<b>\$331,446</b>

(a) Includes charges recoverable through a natural gas cost recovery mechanism, subject to review by the FPSC.

(b) Represents projected capital expenditures through 2027 for which applicable internal approvals (and also, if required, regulatory approvals) have been received. The above estimates are subject to continuing review and adjustment and actual capital expenditures may vary significantly from estimates.

## 7. AFFILIATE TRANSACTIONS

FPL purchases and sells natural gas to meet the Company's gas supply requirements under a Gas Purchase and Sale Agreement. All costs associated with services provided by FPL were direct billed to the Company. All costs associated with natural gas purchase and sale activities are recoverable through the natural gas cost recovery mechanism.

At December 31, 2022 and 2021, the Company had \$7.2 million and \$2.7 million, respectively, in payables which was primarily due to FPL related to corporate support provided by the affiliated entity and amounts relating to purchases of natural gas as discussed above. At December 31, 2022, the Company also had \$2.6 million in payables due to NEE relating to federal income tax payments made on behalf of the Company and \$0.5 million in payables due to NEE relating to state income taxes. At December 31, 2021, the Company also had \$3.2 million in payables due to NEE relating to federal income tax payments made on behalf of the Company and \$0.4 million in payables due to NEE relating to state income taxes.

## **8. SUBSEQUENT EVENTS**

Management evaluated subsequent events for potential recognition and disclosure through March 31, 2023, the date these financial statements were available to be issued, and determined that no significant events have occurred subsequent to period end outside of those discussed above.

**SECURITIES ISSUED OR ASSUMED AND  
SECURITIES REFUNDED OR RETIRED DURING THE YEAR**

1. Furnish a supplemental statement giving a brief description of security financing and refinancing transactions during the year and the accounting for the securities, discounts, premiums, expenses, and related gains or losses. Identify as to Commission authorization numbers and dates.

2. Furnish particulars (details) showing fully the accounting for the total principal amount, par value, or stated value of each class and series of security issued, assumed, retired, or refunded and the accounting for premiums, discounts, expenses, and gains or losses relating to the securities. Set forth the facts of the accounting clearly with regard to redemption premiums, unamortized discounts, expenses, and gains or losses relating to securities retired or refunded, including the accounting for such amounts carried in the respondent's accounts at the date of the refunding or financing transactions with respect to securities previously refunded or retired.

3. Included in the identification of each class and series of security, as appropriate, the interest or dividend rate,

nominal date of issuance, maturity date, aggregate principal amount, par value or stated value, and number of shares. Give also the issuance or redemption price and name of the principal underwriting firm through which the security transactions were consummated.

4. Where the accounting for amounts relating to securities refunded or retired is other than that specified in General Instruction 17 of the Uniform System of Accounts, give references to the Commission authorization for the different accounting and state the accounting method.

5. For securities assumed, give the name of the company for which the liability on the securities was assumed as well as particulars (details) of the transactions whereby the respondent undertook to pay obligations of another company. If any unamortized discount, premiums, expenses, and gains or losses were taken over onto the respondent's books, furnish details of these amounts with amounts relating to refunded securities clearly earmarked.

**LONG-TERM DEBT (Accounts 221, 222, 223, and 224)**

1. Report by balance sheet Account the particulars (details) concerning long-term debt included in Accounts 221, Bonds, 222, Reacquired Bonds, 223, Advances from Associated Companies, and 224, Other Long-Term Debt. If information to meet the stock exchange reporting requirement outlined in column (a) is available from the SEC 10-K Report Form Filing, a specific reference to the report form (i.e. year and company title) may be reported in column (a) provided the fiscal years for both the 10-K report and this report are compatible.

2. For bonds assumed by the respondent, include in column (a) the name of the issuing company as well as a description of the bonds.

3. For advances from Associated Companies, report separately advances on notes and advances on open accounts. Designate demand notes as such. Include in column (a) names of associated companies from which advances were received.

4. For receiver's certificates, show in column (a) the name of the court and date of court order under which such certificates were issued.

5. In a supplemental statement, give explanatory particulars (details) for Accounts 223 and 224 of net changes

during the year. With respect to long-term advances, show for each company: (a) principal advanced during year, (b) interest added to principal amount, and (c) principal repaid during year. Give Commission authorization numbers and dates.

6. If the respondent has pledged any of its long-term debt securities, give particulars (details) in a footnote, including name of the pledgee and purpose of the pledge.

7. If the respondent has any long-term securities which have been nominally issued and are nominally outstanding at end of year, describe such securities in a footnote.

8. If interest expense was incurred during the year on any obligations retired or reacquired before end of year, include such interest in column (f). Explain in a footnote any difference between the total of column (f) and the total of Account 427, Interest on Long-Term Debt and Account 430, Interest on Debt to Associated Companies.

9. Give particulars (details) concerning any long-term debt authorized by a regulatory Commission but not yet issued.

**RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME  
FOR FEDERAL INCOME TAXES**

1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.

2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, assignment, or sharing of the consolidated tax among the group members.
