INDEPENDENT AUDITOR'S REPORT

St Joe Natural Gas Company, Inc.
Port St. Joe, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of St. Joe Natural Gas Company, Inc. which comprise the balance sheets as of December 31, 2019 and 2018, and the related statements of income, retained earnings, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position St. Joe Natural Gas Company, Inc. as of December 31, 2019, and 2018, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**INSTRUCTIONS FOR FILING THE
ANNUAL REPORT OF NATURAL GAS UTILITIES**

GENERAL INSTRUCTIONS

- I. Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpret all accounting words and phrases in accordance with the U.S. of A.
- II. Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- IV. For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
- V. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
- VI. Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- VII. Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
- VIII. Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.

DEFINITIONS

- I. Btu per cubic foot - The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. ²) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
- II. Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

CONTROL OVER RESPONDENT	
1. If any corporation, business trust, or similar organization or combination of such organizations jointly held control over the respondent at end of year, state name of controlling corporation or organization, manner in which control was held, and extent of control. If control was in a holding company organization, show the chain of ownership or control to the main parent company or	organization. If control was held by a trustee(s), state name of trustee(s). 2. If the above required information is available from the SEC 10-K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed provided the fiscal years for both the 10-K report and this report are compatible.
NONE	

CORPORATIONS CONTROLLED BY RESPONDENT			
1. Report below the names of all corporations, business trusts, and similar organizations, controlled directly or indirectly by respondent at any time during the year. If control ceased prior to end of year, give particulars (details) in a footnote.	2. If control was by other means than a direct holding of voting rights, state in a footnote the manner in which control was held, naming any intermediaries involved.	3. If control was held jointly with one or more other interests, state the fact in a footnote and name the other interests.	4. If the above required information is available from the SEC 10-K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed in column (a) provided the fiscal years for both the 10-K report and this report are compatible.
DEFINITIONS			
1. See the Uniform System of Accounts for a definition of control.	2. Direct control is that which is exercised without interposition of an intermediary.	3. Indirect control is that which is exercised by the interposition of an intermediary which exercises direct control.	4. Joint control is that in which neither interest can effectively
control or direct action without the consent of the other, as where the voting control is equally divided between two holders, or each party holds a veto power over the other. Joint control may exist by mutual agreement or understanding between two or more parties who together have control within the meaning of the definition of control in the Uniform System of Accounts, regardless of the relative voting rights of each party.

SECURITY HOLDERS AND VOTING POWERS

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

2. If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became vested with voting rights and give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent if contingent, describe the contingency.

3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders.

NOTES TO THE FINANCIAL STATEMENTS ON A CONSOLIDATED BASIS

1. Use the space below for important notes regarding the Balance Sheet, Statement of Income for the year, Statement of Retained Earnings for the year, and Statement of Changes in Financial Position, or any account thereof. Classify the notes according to each basic statement, providing a subheading for each statement except where a note is applicable to more than one statement.

2. Furnish particulars (details) as to any significant contingent assets or liabilities existing at end of year, including a brief explanation of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also a brief explanation of any dividends in arrears on cumulative preferred stock.

3. For Account 116, Utility Plant Adjustments, explain the origin of such amount, debits and credits during the year, and

plan of disposition contemplated, giving references to Commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.

4. Where Accounts 189, Unamortized Loss on Reacquired Debt, and 257, Unamortized Gain on Reacquired Debt, are not used, give an explanation, providing the rate treatment given these items. See General Instruction 17 of the Uniform System of Accounts.

5. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.

6. If the notes to financial statements relating to the respondent company appearing in the annual report to the stockholders are applicable and furnish the data required by instructions above and on pages 8-10, such notes may be attached hereto.

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Organization

The St. Joe Natural Gas Company, Inc. (SJNG) provides natural gas to commercial and residential customers in Gulf County and Mexico Beach areas under franchise agreements. The company also operates a retail appliance sales and service business, and provides LP gas sales and service to the geographic area. The company was founded in 1963.

Basis of Presentation

SJNG maintains its accounts in accordance with recognized policies prescribed or permitted by the Florida Public Service Commission (FPSC). These policies conform with GAAP in all material respects. The impact of the accounting guidance for the effects of certain types of regulation has been minimal in the company's experience, but when cost recovery is ordered over a longer period of time than a fiscal year, costs are recognized in the period that the FPSC recognizes them in accordance with the regulatory requirements. Natural gas rates are based on the recovery of allowed costs incurred plus a reasonable rate of return on the regulatory base of capital assets. The retail appliance and LP gas businesses are not regulated by the FPSC and therefore rates and prices are not subject to the same recovery allowances and return on capital.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

The SJNG reported cash and cash equivalents consist of cash on hand, cash on deposit, and a money market account. Cash equivalents, when reported, consist of highly liquid investments purchased with an original maturity date of three months or less. The carrying amount of cash equivalents approximate fair value because of the short maturity of these instruments.

Accounts Receivable

SJNG accounts receivable primarily consist of natural gas sales and transportation services, appliance sales and service, and LP gas sales and service billed to residential and commercial customers. Natural gas customers are billed monthly, appliance sales and LP gas sales and services are billed when products are delivered. Receivables are stated at their gross value, the company does not use an allowance for doubtful accounts. The Company's policy is to require deposits for gas sales, ordinarily bad debt amounts related to gas sales, if any, are not material and are written off as incurred. Bad debts related to appliance sales and service are written off as incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *continued*

Inventories

SJNG values supplies, replacement parts, appliances for resale, and gas at the lower of cost or market. Cost is determined using a weighted average cost method. A point of sale system is used to account for the retail appliance inventory.

Property Plant and Equipment (PP&E)

PP&E consist of property and equipment that is in use, being held for future use and under construction and is reported at original cost, which includes: material and labor, contractor costs, and construction overhead cost. SJNG does not recognize gain or losses on depreciable utility property that is retired or otherwise disposed, as required under the composite depreciation method. Such gains and losses are ultimately refunded to or recovered from customers through future rate adjustments. Maintenance and repair costs are expensed in the period incurred.

Depreciation

SJNG computes depreciation expense by applying composite, straight-line rates, approved by the FPSC, to the investment in depreciable property. Depreciation is computed on service lives ranging from five years to forty years. Construction work in progress is not depreciated until the asset is completed and placed in service.

Income Taxes

~~The reporting of our assets and liabilities for financial accounting purposes differs from the reporting for income tax purposes. The principal differences between net income and taxable income relate to the timing of deductions, primarily due to the benefits of tax depreciation since SJNG generally depreciates assets for tax purposes over a shorter period of time than for book purposes. The determination of our provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items.~~

We have two categories of income taxes in our statements of income: current and deferred. Current income tax expense consists of federal and state income tax less applicable tax credits related to the current year. Deferred income tax expense generally is equal to the changes in deferred income tax liability and regulatory tax liability during the year.

In accordance with authoritative guidance related to income taxes, we report some of our assets and liabilities differently for financial accounting purposes than we do for income tax purposes. We report the tax effects of the depreciation and other differences in those items as deferred income tax assets or liabilities in our statements of financial position. We measure these deferred income tax assets and liabilities using enacted income tax rates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *continued*

The authoritative guidance related to income taxes requires us to determine whether tax benefits claimed or expected to be claimed on our tax return should be recorded in our financial statements. Under this guidance, we may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. This guidance also addresses derecognition, classification, interest and penalties on income taxes and accounting in interim periods. There are no tax positions taken by the Company that would require disclosure for the years ended December 31, 2019 and 2018.

We recognize accrued interest related to uncertain tax positions in interest expense and penalties in operating expenses in the statements of income. As of December 31, 2019 and 2018, we did not have a liability recorded for payment of interest and penalties associated with uncertain tax positions.

We do not collect income taxes from our customers on behalf of governmental authorities. We collect and remit various taxes on behalf of various governmental authorities.

Revenues

We record revenues when services are provided to customers. The regulated revenues are based on rates approved by the Florida Public Service Commission. Our rate structure includes a volumetric rate design that allows recovery of costs through gas usage. Revenues from sales and transportation services are recognized in the same period in which the related volumes are delivered to customers. Revenues from residential and certain commercial and industrial customers are recognized on the basis of scheduled meter readings.

Cost of Natural Gas Sold

We charge our utility customers for natural gas consumed using natural gas cost recovery mechanism set by the Florida Public Service Commission. Under these mechanisms, all prudently incurred natural gas costs are passed through to customers without markup, subject to regulatory review. Therefore, in accordance with the authoritative guidance for rate-regulated entities, we defer or accrue (that is, include as an asset or liability in the statements of financial position and exclude from or include in the statements of income, respectively) the difference between the actual cost of gas sold incurred and the amount of commodity revenue earned in a given period, such that no operating margin is recognized related to these costs. The deferred or accrued amount is either billed or refunded to our customers prospectively through adjustments to the commodity rate. Deferred natural gas costs are reflected as regulatory assets, and accrued natural gas costs are reflected as regulatory liabilities which are identified as purchased gas cost adjustment within our statements of financial position.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *continued*

Use of Estimates

The preparation of our financial statements in conformity with GAAP requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosures. We based our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances, and we evaluate our estimates on an ongoing basis. Our estimates may involve complex situations requiring a high degree of judgment either in the application and interpretation of existing literature or in the development of estimates that impact our financial statements. Our actual results could differ from our estimates.

Asset Retirement Obligations

SFAS and PSC rule requires utilities to determine if they have any assets meeting the criteria to recognize asset retirement obligations.

A review of the SJNG assets including easements and right of way agreements does not indicate any legal obligation to remove, or a time frame or expiration of agreement requiring removal of plant or equipment.

Any future requirement to remove gas distribution systems cannot be determined as to the point in time that this would be required, nor can a cost of removal be reasonably determined, nor that substantial removal would be required.

Therefore SJNG is not recognizing any asset retirement obligations under SFAS 143 for the years ending December 31, 2019 and 2018.

Subsequent Events

In preparing these financial statements, we have evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued. The company did not have any subsequent events requiring disclosure or recording in the financial statements other than the following.

The Company incurred structural damage and its operations were impacted by Hurricane Michael that hit the area on October 10, 2018. Since that time significant resources have been spent to repair damages. There has been a significant loss of customers in the market area. The Company subsequently filed a rate relief case that was approved by the Florida Public Service Commission in 2020 to provide temporary rate adjustments for the loss of revenue due to the storm. The Florida Public Service Commission will monitor earnings of the Company and will mandate any future overearnings due to the rate relief be refunded to the customer base. At this time the Company does not anticipate any overearnings.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, *continued*

Advertising

The Company expenses advertising costs as incurred. In the year ended December 31, 2019 and 2018, the Company incurred and expensed \$8,456 and \$9,818 in advertising costs, respectively.

Compensated Absences

The Company has not accrued compensated absences because the amount cannot be reasonably estimated, and is not considered material.

Fair Value Measurements

The carrying values of cash and cash equivalents, receivables, accounts payable, other current assets and liabilities approximate fair value. There were no items measured at fair value on a recurring basis.

Use of Estimates

The preparation of the Company's financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets, liabilities, sales and expenses, and related disclosures of contingent assets and liabilities. The Company bases these estimates on historical results and various other assumptions believed to be reasonable, all of which form the basis for making estimates concerning the carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates.

NOTE 3 - NEW ACCOUNTING PRONOUNCEMENTS

Statement of Cash Flows – Restricted Cash

In November, 2016, the FASB issued guidelines regarding diversity in classification and presentation of restricted cash on the Statement of Cash Flows. The guidance is effective for reporting periods beginning on or after December 15, 2017. SJNG has adopted this guidance as required. It will have no effect on SJNG's results of operations, financial position or cash flows.

NOTE 4 - NATURAL GAS SALES

Natural gas sales to large commercial customers have declined over the past eight years due to changes in the local industrial economy. Sales to small and large commercial accounts are approximately 25% of total gas revenue for 2019 and 26% for 2018. The majority of natural gas sales are to the residential market.

NOTE 7 – DEFERRED CREDITS

The deferred credit consists of prepaid gas accounts for Florida Coast Paper Company, LLC and Gulf Correctional Institute. Because of the closure and bankruptcy of Florida Coast Paper Company, LLC, and in accordance with the terms of the agreement dated September 8, 1997, the prepaid gas account is no longer accessible by Florida Coast Paper Company, LLC. The resulting balance of the prepaid gas account reverts to income to St. Joe Natural Gas Company, Inc. Under Florida Public Service Commission order PSC-01-1274-PAA-GU, the deferred income amount will be included in income equitably over the next 31 years. In accordance with SFAS71, income will be recognized for financial statement presentation in the same manner for regulatory purposes. The income amount recognized for 2019 and 2018 was \$50,922 annually.

NOTE 8 - PROVISION FOR INCOME TAXES, *continued*

The tax effects of temporary differences that account for significant portions of the deferred tax assets and the deferred tax liabilities at December 31, 2019 and 2018 are presented below.

	<u>2019</u>	<u>2018</u>
<u>Deferred tax assets:</u>		
Deferred income, partially due to differences in recognition allowed by Public Service Commission regulation and income tax reporting purposes under Internal Revenue code section 418(a)	\$ 144,079	\$ 161,822
Federal and state future net operating loss deductions	106,872	35,181
<u>Deferred tax liabilities:</u>

Net deferred tax asset (liability)	<u>\$ (415,377)</u>	<u>\$ (401,589)</u>

There is no valuation for deferred tax assets. The Company expects that the results of future operations will generate sufficient taxable income to allow for the utilization of deferred tax assets.

NOTE 9 - RECONCILIATION OF BOOK INCOME TO TAXABLE INCOME

The following adjustments are necessary to reconcile book income to taxable income. This information is for taxable income planning purposes only.

Net loss before taxes per Statement of Income	\$(108,992)
Add: One half of meals and entertainment	685
Add: Charitable contributions	6,025
Add: Non-deductible penalties	252
Less: PSC deferred income adjustment (Note 5)	(50,922)
Less: Additional tax depreciation	<u>(332,059)</u>

For the years ended December 31, 2019 and 2018

NOTE 10 - EMPLOYEE RETIREMENT BENEFITS

The authoritative guidance related to retirement benefits requires that we recognize all obligations related to defined benefit retirement plans and quantify the plans' funded status as an asset or a liability on our statements of financial position. The guidance further requires that we measure the plans' assets and obligations that determine our funded status as of the end of the fiscal year. We are also required to recognize, as a component of other comprehensive income (OCI), the changes in funded status that occurred during the year that are not yet recognized as part of net periodic benefit cost as explained in authoritative guidance related to retirement benefits. The Company does not provide a qualified retirement plan or other postretirement benefits to employees.

NOTE 11 - PURCHASED GAS COSTS ADJUSTMENTS

The Florida Public Service Commission (FPSC) requires that the sale of gas be revenue neutral. The Company is allowed to recover the costs of purchased gas through customer billings. Rates are set annually based on the projected cost of gas. The over or under recovery of gas costs must be recorded, and rates adjusted accordingly in the subsequent year. The over and under recovery does not generate deferred tax assets or liabilities. The purchased gas cost adjustments are reported the same for financial and income tax reporting purposes. As of December 31, 2019 and 2018 the Company had purchased gas cost credit adjustment amounts of \$81,669 and \$120,139 respectively.

NOTE 12 - RELATED PARTY TRANSACTIONS

The line of credit disclosed in Note 6 is jointly owed to four individuals, three of whom are officers of the company.

NOTE 13 - REGULATORY

The natural gas business segment of SJNG is regulated by the Florida Public Service Commission. The FPSC has jurisdiction over rates, service, issuance of securities, safety, accounting and depreciation practices and other matters. In general, the FPSC sets rates at a level that allows SJNG to collect total revenues equal to their cost of providing service, plus a reasonable return on regulatory invested capital. Currently SJNG is operating with a rate structure approved by the FPSC on July 8, 2008 with rate classes amended on July 7, 2017. The order authorized a return on equity of 11% with a range of plus or minus 100 basis points. The FPSC has ruled that the capital structure of the Company shall consist of no more than 60% equity as a percentage of investor capital.

NOTE 13 – REGULATORY (continued)

Beginning in 2018 the federal corporate tax rates were reduced to 21% of net taxable income. Under the Florida Public Service Commission for regulated utilities the tax cut will accrete to customers of SJNG. The Florida Public Service Commission will be examining the impact of the tax cut on net earnings and including the impact on the calculation of deferred taxes. Because taxes have been paid by the customer before the company pays them to the government, deferred taxes are recorded as a regulatory liability. Deferred taxes are a cost-free source of capital to the utility, and for regulatory purposes, can be included in the capital structure as zero cost capital or used to reduce rate base that in effect may cause a regulatory reduction in rates to maintain the authorized rate of return on equity. The impact and adjustment, if necessary, have not yet been determined by the Florida Public Service Commission.

NOTE 14 - COMMON STOCK AND DIVIDENDS

The Company did not declare dividends for the years ending December 31, 2019 and 2018. The total shares of Company stock authorized, issued and outstanding as of December 31, 2019 and 2018 were 667 shares at par value of \$100 per share.

RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME FOR FEDERAL INCOME TAXES		
<p>1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.</p> <p>2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, allocation, assignment, or sharing of the consolidated tax among the group members.</p>
