RECEIVED FLORIDA PUBLIC SERVICE COMMISSION 04/30/2024 08:13:25 AM

CLASS "C"

WATER AND/OR WASTEWATER UTILITIES

(Gross Revenue of Less Than \$200,000 Each)

ANNUAL REPORT

OF

Exact Legal Name of Respondent

Certificate Number(s)

Submitted To The STATE OF FLORIDA

PUBLIC SERVICE COMMISSION

FOR THE

YEAR ENDED DECEMBER 31, 2023

Form PSC/ECR 006-W (Rev. 12/99)

GENERAL INSTRUCTIONS

- 1. Prepare this report in conformity with the 1996 National Association of Regulatory Utility Commissioners Uniform System of Accounts for Water and/or Wastewater Utilities (USOA).
- 2. Interpret all accounting words and phrases in accordance with the USOA.
- Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- 4. For any question, section, or page which is not applicable to the respondent, enter the words "Not Applicable". Do not omit any pages.
- 5. Where dates are called for, the month and day should be stated as well as the year.
- 6. All schedules requiring dollar entries should be rounded to the nearest dollar unless otherwise specifically indicated.
- 7. Complete this report by means which result in a permanent record, such as by computer or typewriter.
- 8. If there is not enough room on any schedule, an additional page or pages may be added; provided the format of the added schedule matches the format of the schedule with not enough room. Such a schedule should reference the appropriate schedules, state the name of the utility, and state the year of the report.
- 9. If it is necessary or desirable to insert additional statements for the purpose of further explanation of schedules, such statement should be made at the bottom of the page or an additional page inserted. Any additional pages should state the name of the utility, the year of the report, and reference the appropriate schedule.
- 10. For water and wastewater utilities with more than one rate group and/or system, water and wastewater pages should be completed for each rate group and/or system group. These pages should be grouped together and tabbed by rate group and/or system.
- 11. All other water and wastewater operations not regulated by the Commission and other regulated industries should be reported as "Other than Reporting Systems".
- 12. Financial information for multiple systems charging rates which are covered under the same tariff should be reported as one system. However, the engineering data must be reported by individual system.
- 13. For water and wastewater utilities with more than one system, one (1) copy of workpapers showing the consolidation of systems for the operating sections, should be filed with the annual report.
- 14. The report should be filled out in quadruplicate and the original and two copies returned by March 31, of the year following the date of the report. The report should be emailed to AnnualReport@psc.state.fl.us or mailed to:

Florida Public Service Commission Division of Water and Wastewater 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0873

The fourth copy should be retained by the utility.

YEAR OF REPORT December 31, 2023

GENERAL WATER SYSTEM INFORMATION

Furnish information below for each system. A se	eparate page should be supplied where necessary.
1. Present ERC's * the system can efficiently serve.	50
2. Maximum number of ERCs * which can be served.	50
3. Present system connection capacity (in ERCs *) using e	existing lines. 50
4. Future connection capacity (in ERCs *) upon service are	ea buildout. 50
5. Estimated annual increase in ERCs *.	0
 Is the utility required to have fire flow capacity? If so, how much capacity is required? 	6" - 8" Fire hydrants with valve and box
7. Attach a description of the fire fighting facilities.	
8. Describe any plans and estimated completion dates for <u>None</u>	any enlargements or improvements of this system.
9. When did the company last file a capacity analysis report	N/A. This is a consecutive system. Water is purchased for resale from the rt with the DEP? City of Lake Worth.
10. If the present system does not meet the requirements o	f DEP rules, submit the following:
a. Attach a description of the plant upgrade necessary	to meet the DEP rules.
b. Have these plans been approved by DEP?	
c. When will construction begin?	
d. Attach plans for funding the required upgrading.	
e. Is this system under any Consent Order with DEP?	
11. Department of Environmental Protection ID #	N/A This is a non-regulated consecutive system and does not require a DEP ID #
12. Water Management District Consumptive Use Permit #	N/A. This is a consecutive system. Water is purchased for resale from the City of Lake Worth
a. Is the system in compliance with the requirements of	f the CUP?
b. If not, what are the utility's plans to gain compliance?	?
 * An ERC is determined based on one of the followin (a) If actual flow data are available from the precedent Divide the total annual single family residence (S residents (SFR) gallons sold by the average num period and divide the result by 365 days. 	
(b) If no historical flow data are available use: ERC = (Total SER gallons sold (omit 000/365 d	tavs/350 gallons per dav)

GENERAL WASTEWATER SYSTEM INFORMATION

Furnish information below for each system. A separate	e page should be supplied where necessary.
1. Present number of ERCs* now being served.	63
2. Maximum number of ERCs* which can be served.	63
3. Present system connection capacity (in ERCs*) using existing line	63
4. Future connection capacity (in <u>ERCs*) upon service area buildout</u>	63
5. Estimated annual increase in ERCs*.	0
6. Describe any plans and estimated completion dates for any enlarge NONE	ements or improvements to this system
 If the utility uses reuse as a means of effluent disposal, provide a lise reuse provided to each, if known. 	st of the reuse end users and the amount of
8. If the utility does not engage in reuse, has a reuse feasibility study l	been completed? NO
If so, when?	
9. Has the utility been required by the DEP or water management dist	ict to implement reuse? NO
If so, what are the utility's plans to comply with this requirement	ıt?
10. When did the company last file a capacity analysis report with the l	N/A. This is a consecutive system. Wastewater is treated by the City of DEP? Lake Worth
11. If the present system does not meet the requirements of DEP rules	s, submit the following:
 a. Attach a description of the plant upgrade necessary to me b. Have these plans been approved by DEP? 	
 c. When will construction begin? d. Attach plans for funding the required upgrading. 	
e. Is this system under any Consent Order with DEP? N/A. This is a no	n-regulated consecutive system and does not
12. Department of Environmental Protection ID # require a DEP II)#
 An ERC is determined based on one of the following methods: (a) If actual flow data are available from the preceding 12 months: Divide the total annual single family residence (SFR) gallons sold residents (SFR) gallons sold by the average number of single far period and divide the result by 365 days. 	
(b) If no historical flow data are available use: ERC = (Total SFR gallons sold (omit 000/365 days/280 gallons)	per day).

YEAR OF REPORT December 31, 2023

CERTIFICATION OF ANNUAL REPORT

I HEREBY CERTIFY, to the best of my knowledge and belief:

NO

3.

YES

X

The utility is in substantial compliance with all applicable rules and orders of the Florida Public Service Commission.

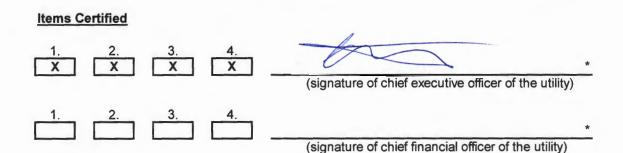

The utility is in substantial compliance with the Uniform System of Accounts prescribed by the Florida Public Service Commission

in Rule 25-30.115 (1), Florida Administrative Code.

There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices that could have a material effect on the financial statement of the utility.

The annual report fairly represents the financial condition and results of operations of the respondent for the period presented and other information and statements presented in the report as to the business affairs of the respondent are true, correct, and complete for the period for which it represents.

Each of the four items must be certified YES or NO. Each item need not be certified by both officers. The items being certified by the officer should be indicated in the appropriate area to the left of the signature.

Notice: Section 837.06, Florida Statutes, provides that any person who knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his duty shall be guilty of a misdemeanor of the second degree.
