SECTION 2 - RULES AND REGULATIONS

2.16 RESERVED FOR FUTURE USE

T/N

2.17 Effective February 23, 2006, Residential and Small Business services offered under this tariff that require concurrent enrollment in local exchange service provided under MCImetro Access Transmissions Services, LLC d/b/a Verizon Access Transmission Services, F.P.S.C. Price List No. 2 will no longer be available to new customers residing in areas in which local exchange service is provided by any affiliate or subsidiary of Verizon not subject to MCImetro Access Transmissions Services, LLC d/b/a Verizon Access Transmission Services, F.P.S.C. Price List No. 2. This does not apply to customers of this service who are eligible to subscribe to the Residential Affinity Savings Plan I or the Small Business Affinity Savings Plan I. Additionally, Company services, to the extent they have been made unavailable to new and/or existing customers of those services as of that date, may continue to be offered and provided without revision to customers subscribing to those services via an agreement with an agent or other affinity of the Company (including, but not limited to, Quixtar, Inc.; and excluding Fionda, LLC, and Espirit de Corpe, Inc.), who has contracted with the Company to sell Company services to its members.

2.18 Effective February 1, 2009, the Company will no longer offer presubscribed long distance service to new residential and small business customers in areas in which local exchange service is provided by any subsidiary or affiliate of Verizon not subject to this tariff. Residential and small business customers currently subscribed to Company long distance service will no longer be able to move, add to, or change the service to which they are subscribed, except that customers may switch to a different Company service for which they are eligible if they wish, and customers of local/long distance integrated service may cancel local features on their service if they wish. All residential and small business end users will continue to be able to access the Company network and will be subject to this tariff on a non-presubscribed basis, e.g. collect calling, "dial around" services, or where their local exchange carrier installs the Company as the long distance PIC without the customer directly signing up with the Company for any calling plan.
