A. FOREIGN EXCHANGE SERVICE

1. General

- a. Foreign Exchange Service is exchange service furnished to a subscriber from an exchange other than the one from which he would normally be served. This tariff applies for foreign exchange services where all facilities and serving points are located in the same LATA. (T) + (T)
- b. Foreign Exchange Service is not in accord with the general plan of furnishing telephone service and such service is furnished only under special conditions, where warranted, by the circumstances involved, and provided facilities are available.
- c. Foreign Exchange Service is furnished subject to the same restrictions as to the use of the service by other than the subscriber and his representative, as apply in connection with other classes of service.
- d. Foreign Exchange Service is offered in connection with flat rate individual access line service, PBX trunk service and rotary line service. (T) (T)
- e. Other services or facilities used in connection with Foreign Exchange Service (except as otherwise indicated in this tariff) are furnished subject to the rates and regulations applying in the exchange from which the subscriber would normally be served.
- f. Subscribers to Foreign Exchange Service are not required to contract for service in the exchange from which they would normally be served except as specified in paragraph A.1.1 following or where the Foreign Exchange Service is furnished from another company's territory. (T) + (T)

A. FOREIGN EXCHANGE SERVICE (Cont'd)

1. General (Cont'd)

- g. Where the serving Foreign Exchange is a multioffice exchange, Foreign Exchange Service will be provided from whichever central office would be the most economical to the Company. If an applicant desires operation from a different central office and facilities are available, Foreign Exchange Service will be provided from the central office desired by the applicant, and Interoffice Channel Charges as specified in paragraph A.2.e. following will be measured from the central office from which the applicant desires to be served. (M) (T)
+ +
- h. The Company does not assure standard quality of transmission levels for Foreign Exchange extension line service when more than one station is in use at the same time.
- i. Where nonoptional extended scope service is in effect between two exchanges, Foreign Exchange Service will not be furnished between such exchanges, unless the customer also maintains local service from the exchange from which he would normally be served.

2. Rates and Charges

- a. For the open end, or dial tone end, which is located in the foreign exchange where network switching of calls occurs, the rates for Foreign Exchange Service are the Usage Charges below and the Service Connection charges for flat-rate individual access line service, rotary line service, or flat-rate PBX trunk service applicable within the serving Foreign Exchange. A. FOREIGN EXCHANGE SERVICE (Cont'd)

2. Rates and Charges (cont'd)

- e. For the closed end, or station end, which is located in the subscriber's exchange, the rates set forth in A.9.1.6.A. of Southern Bell Telephone and Telegraph Company's tariff for Local Channels, Interoffice Channels, and Bridging Equipment apply. These rates will apply as described in A9.1.4.E. of Southern Bell's Tariff.
- f. The rates and charges quoted for Foreign Exchange services provide for the furnishing of the service where suitable facilities are available and where the construction of the necessary facilities does not involve excessive cost. When the revenue to be derived from the service is not sufficient to warrant the Company assuming the unusual cost of providing the necessary construction, or if the service life of the constructed facilities will be unusually short or unknown, the customer and/or customers will be required to pay such cost in accordance with the regulations in "Charges Applicable Under Special Conditions", Section A5, of this tariff.
- g. Where the applicant for Foreign Exchange Service is so located that it would be more economical for the Company to provide Foreign Exchange Service to the applicant's location by the extension of utilization of existing plant, and where such facilities do not cross LATA boundaries, an interoffice channel charge will not apply.
- h. Reserved for future use.
