RE: **TL727**

Dear Ms. Salak:

Attached for filing, please find the following revised pages for the Embarq Florida, Inc. General Exchange Tariff. This filing is submitted with a proposed effective date of December 14, 2006. The Company's tariffs are available on its website at www.embarq.com/tariffs.

Index	Thirteenth Revised Sheet 1	Section A13 Cont'd	Eighth Revised Sheet 42
	Fourth Revised Sheet 2		Second Revised Sheet 43
	Tenth Revised Sheet 6		Fifth Revised Sheet 44
Section A13	Second Revised Contents Sheet 2		Third Revised Sheet 45
	Fifteenth Revised Sheet 30		Seventh Revised Sheet 46
	Second Revised Sheet 31		Third Revised Sheet 47
	Third Revised Sheet 37		Third Revised Sheet 48
	Seventh Revised Sheet 38		Second Revised Sheet 49
	Tenth Revised Sheet 39	Section A113	Fourth Revised Contents Sheet 1
	Third Revised Sheet 40		Fourth Revised Sheet 10
	Third Revised Sheet 41		Fifth Revised Sheet 11

This filing grandfathers Caller ID and moves the tariff information to the obsolete section. In addition, this filing makes housekeeping changes to the ExpressTouch area of Section 13.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Nancy Schnitzer at 850-599-1276.

Sincerely,

Mary L. Matthews

Second Revised Sheet 31

BY: F. B. Poag
Director

Cancelling First Revised Sheet 31
Effective: December 12, 2006

MISCELLANEOUS SERVICE ARRANGEMENTS

F. EXPRESSTOUCH SERVICE

(T)

1. General

(M)

a. ExpressTouch Service is a group of central office call management features offered in addition to basic telephone service and is an enhanced Custom Calling Feature package.

(M)

b. ExpressTouch Service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within the Customer Local Area Signaling Services (CLASS) serving areas.

(M1) (T)

c. The service will not be provided to pay telephone service, toll terminals, PBX trunks, or from some remote switching locations.

(T)

d. ExpressTouch Service is available to single line residence and business customers, as well as rotary line customers.

(T)

e. Return Call and Repeat Dialing will be offered on both flat rate and usage basis. Call Tracing is offered on a usage sensitive basis only. The remaining ExpressTouch features are offered on a flat rate basis only.

(T)

f. ExpressTouch features are eligible to receive Vacation service.

(T)

g. In no event shall the Company be held liable for any losses or damages arising from the unavailability or failure of its equipment or facilities, or for any act, omission or failure of performance by the Company or its employees or agents in connection with this service.

(T)

(M1)

2. Feature Descriptions

a. Return Call

1) This feature enables a customer to place a call to the telephone number associated with the most recent call received, whether or not the call was answered or the number is known.

2) The customer must dial a code to request that the network place the call. Where facilities permit, upon activation of the feature, the customer will receive a voice announcement stating that Return Call has been accessed. In addition, the announcement will provide the Directory Number (DN) of the last incoming call. The Return Call user will then be prompted to enter an additional digit to continue with the feature activation, or to hang up to abort the activation. If the called line is not busy, the call is placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up, and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone handset the call will automatically be placed.

2. Feature Descriptions (Cont'd)

h. Caller ID with Name

- 1) This feature enables the customer to view on a display unit the directory name and telephone number of an incoming telephone call. The display unit may be an ancillary device which is attached to the customer's telephone set or may be a special telephone set with the display unit built-in. (M)
- 2) When Caller ID With Name is activated on a customer's line, the name and telephone number of an incoming call is revealed on the display unit between the first and second ring. (M1)(T)
- 3) Any customer subscribing to Caller ID With Name will be responsible for the provision of the display unit which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network feature described herein. (M)
- 4) This service is provided subject to the availability of Company facilities. Additionally, the feature described will only operate on calls originating and terminating with Custom Local Area Signaling Service (CLASS) offices equipped for Caller ID With Name service. Caller ID with Name will be provided on Inter- and IntraLATA calls on a where technically available basis. (T)
- 5) Caller ID With Name is available to single line residence and business customers. The service will not be provided to pay telephone service, toll terminals, PBX trunks or from some remote switching locations. (T)
- 6) Caller ID With Name is not eligible for Vacation Service unless the main service associated with Caller ID is also on Vacation Service. (T)

2. Feature Descriptions (Cont'd)

i. Anonymous Call Rejection (ACR)

- 1) This feature allows customers to automatically reject incoming calls when the call originates from a telephone number which has invoked a blocking feature that prevents the delivery of their number to the called party. When ACR is activated on the customer's line and an incoming call marked private is received, the called party's telephone will not ring. The call will be routed to an announcement and subsequently terminated. The announcement informs the calling party that the person he/she is trying to reach will not accept the call as long as the calling number is not delivered. Incoming calls are checked for acceptance or rejection by ACR regardless of the current state of the ACR customer's line (i.e., off-hook or idle).
- 2) This service will be offered where technically available.

8. **ExpressTouch Blocking Services**

a. **Calling Number Delivery Blocking**

- 1) **Calling Number Delivery Blocking (CNDB) enables the subscriber to block transmission of his/her telephone number on outgoing calls to subscribers of Caller ID and/or Caller ID With name. The subscriber must activate the feature on a per-call basis by entering a three-digit code before dialing the caller number.**
- 2) **Per line blocking of Caller ID and/or Caller ID With Name is available upon request to the following entities only:**
 - a) **private, non-profit, tax-exempt, domestic violence intervention agencies**
 - b) federal, state and local law enforcement agencies
 - c) employees of the agencies in a) and b) previous

Per line blocking is in operation on a continuous basis and can only be deactivated by entering a three-digit code before dialing the called number. The feature is applicable to all outgoing calls placed from the customer's line. This service is available to the listed agencies only. Individuals employed by the agencies are also eligible for per line blocking of their residential access lines, where available.
- 3) CNDB is available only as specified in 6.b.1) preceding.
- 4) The Company's limits of liability are described in Section A2 of this tariff.
- 5) No monthly recurring rates or usage charges apply to the provision of this service. Service order charges are not applicable.

b. Call Tracing Denial

- 1) The Call Tracing Denial feature enables the subscriber to block the initiation of the Call Tracing feature.
- 2) The customer must request that the Call Tracing Denial feature be installed on his/her line(s), as Call Tracing is inherent to the Company's network. The feature will then be in operation on a continuous basis and will not be able to be deactivated by the subscriber. If subscribers wish to utilize the Call Tracing feature, they must again contact the Company to remove the Call Tracing Denial feature from their line(s).
- 3) This feature is available only as specified in 3.a.1) preceding.
- 4) The Company's limits of liability are described in Section A2 of this tariff.
- 5) No monthly recurring rates or usage charge applies to the provision of this service. Service order charges are not applicable.

BY: F. B. Poag
Director

~~Second First~~ Revised Sheet 31
Cancelling ~~First Revised Original~~ Sheet 31
Effective: ~~December 12, 2006~~ January 1, 1997

MISCELLANEOUS SERVICE ARRANGEMENTS

F. EXPRESSTOUCH SERVICE (~~Cont'd~~)

1. General

- a. ExpressTouch Service is a group of central office call management features offered in addition to basic telephone service and is an enhanced Custom Calling Feature package.
- 4)b. ExpressTouch Service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within the Customer Local Area Signaling Services (CLASS) serving areas.
- 2)c. The service will not be provided to pay telephone service, toll terminals, PBX trunks, or from some remote switching locations.
- 3)d. ExpressTouch Service is available to single line residence and business customers, as well as rotary line customers.
- 4)e. Return Call and Repeat Dialing will be offered on both flat rate and usage basis. Call Tracing is offered on a usage sensitive basis only. The remaining ExpressTouch features are offered on a flat rate basis only.
- 5)f. ExpressTouch features are eligible to receive Vacation service.
- 6)g. In no event shall the Company be held liable for any losses or damages arising from the unavailability or failure of its equipment or facilities, or for any act, omission or failure of performance by the Company or its employees or agents in connection with this service.

2. Feature Descriptions

a. Return Call

- 1) This feature enables a customer to place a call to the telephone number associated with the most recent call received, whether or not the call was answered or the number is known.
- 2) The customer must dial a code to request that the network place the call. Where facilities permit, upon activation of the feature, the customer will receive a voice announcement stating that Return Call has been accessed. In addition, the announcement will provide the Directory Number (DN) of the last incoming call. The Return Call user will then be prompted to enter an additional digit to continue with the feature activation, or to hang up to abort the activation. If the called line is not busy, the call is placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up, and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone handset the call will automatically be placed.

F. EXPRESSTOUCH SERVICE (Cont'd)

~~3.~~ Regulations and Limitations of Service

a. The following limitations apply:

- ~~1) ExpressTouch Service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within the Customer Local Area Signaling Services (CLASS) serving areas.~~
- ~~2) The service will not be provided to pay telephone service, toll terminals, PBX trunks, or from some remote switching locations.~~
- ~~3) ExpressTouch Service is available to single line residence and business customers, as well as rotary line customers.~~
- ~~4) Return Call and Repeat Dialing will be offered on both flat rate and usage basis. Call Tracing is offered on a usage sensitive basis only. The remaining ExpressTouch features are offered on a flat rate basis only.~~
- ~~5) ExpressTouch features are eligible to receive Vacation service.~~
- ~~6) In no event shall the Company be held liable for any losses or damages arising from the unavailability or failure of its equipment or facilities, or for any act, omission or failure of performance by the Company or its employees or agents in connection with this service.~~

2. Feature Descriptions (Cont'd)

6 h. Caller ID with Name

- 1) This feature enables the customer to view on a display unit the directory name and telephone number of an incoming telephone call. The display unit may be an ancillary device which is attached to the customer's telephone set or may be a special telephone set with the display unit built-in.
- 2) When Caller ID With Name is activated on a customer's line, the name and telephone number of an incoming call is revealed on the display unit between the first and second ring.
- 3) Any customer subscribing to Caller ID With Name will be responsible for the provision of the display unit which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network feature described herein.
- 4) This service is provided subject to the availability of Company facilities. Additionally, the feature described will only operate on calls originating and terminating with Custom Local Area Signaling Service (CLASS) offices equipped for Caller ID With Name service. Caller ID with Name will be provided on Inter- and IntraLATA calls on a where technically available basis.
- 5) Caller ID With Name is available to single line residence and business customers. The service will not be provided to pay telephone service, toll terminals, PBX trunks or from some remote switching locations.
- 6) Caller ID With Name is not eligible for Vacation Service unless the main service associated with Caller ID is also on Vacation Service.

~~1) This feature enables the customer to view on a display unit the directory number of an incoming telephone call. The display unit may be an ancillary device, which is attached to the customer's telephone set or may be a special telephone set with the display unit built in.~~

2. Feature Descriptions (Cont'd)

7 i. Anonymous Call Rejection (ACR)

a-1) This feature allows customers to automatically reject incoming calls when the call originates from a telephone number which has invoked a blocking feature that prevents the delivery of their number to the called party. When ACR is activated on the customer's line and an incoming call marked private is received, the called party's telephone will not ring. The call will be routed to an announcement and subsequently terminated. The announcement informs the calling party that the person he/she is trying to reach will not accept the call as long as the calling number is not delivered. Incoming calls are checked for acceptance or rejection by ACR regardless of the current state of the ACR customer's line (i.e., off-hook or idle).

b-2) This service will be offered where technically available.

F. EXPRESSTOUCH SERVICE (Cont'd)

§ 4. ExpressTouch Blocking Services (Cont'd)

b. Call Tracing Denial

- 1) The Call Tracing Denial feature enables the subscriber to block the initiation of the Call Tracing feature.
- 2) The customer must request that the Call Tracing Denial feature be installed on his/her line(s), as Call Tracing is inherent to the Company's network. The feature will then be in operation on a continuous basis and will not be able to be deactivated by the subscriber. If subscribers wish to utilize the Call Tracing feature, they must again contact the Company to remove the Call Tracing Denial feature from their line(s).
- 3) This feature is available only as specified in 3.a.1) preceding.
- 4) The Company's limits of liability are described in Section A2 of this tariff.
- 5) No monthly recurring rates or usage charge applies to the provision of this service. Service order charges are not applicable.

D. EXPRESSTOUCH SERVICE

1. Caller ID

a. General

- 1) This feature enables the customer to view on a display unit the directory number of an incoming telephone call. The display unit may be an ancillary device, which is attached to the customer's telephone set or may be a special telephone set with the display unit built-in.
- 2) When Caller ID is activated on a customer's line, the number of an incoming call is revealed on the display unit between the first and second ring.
- 3) Any customer subscribing to Caller ID will be responsible for the provision of the display unit which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.
- 4.4) Caller ID is provided subject to the availability of Company facilities. Additionally, the feature will only operate on calls originating and terminating within Custom Local Area Signaling Service (CLASS) equipped offices.
- 2.5) Caller ID is available to single line residence and business customers. The service will not be provided to pay telephone service, toll terminals, PBX trunks or from some remote switching locations.
- 4.6) Caller ID is not eligible for vacation Service unless the main service associated with Caller ID is also on Vacation Service.
- 5.7) In no event shall the Company be held liable for any losses or damages arising from the unavailability or failure of its equipment or facilities, or for any act, omission or failure of performance by the Company or its employees or agents in connection with this service.
- 6.8) If an incoming call is from a caller utilizing a PBX trunk or a rotary line group, the telephone number displayed may be the main number of that PBX or rotary group rather than the directory number accessed by the caller.
- 7.9) The Company will deliver all numbers, subject to the technical limitations defined in this tariff, including telephone numbers associated with Non-Published Listing service as described in Section A6 of this tariff.
