2008 Mid/Large Customer Event for Orlando, Florida:

Current and potential business customers whose total monthly telecom spend is \$300 or more are eligible to attend the Embarq Breakfast Event in Orlando, Florida on October 3, 2008. All qualifying customers will be notified of the event. Registration is required to attend. Customers who attend the event will be eligible to receive additional benefits if they subsequently subscribe to one of the qualifying services listed below during the period October 4, 2008 through January 31, 2009.

Customers who subscribe to a qualifying service will receive a one-time rebate check. To receive the check, customers must order services from the following categories of service, with a minimum one-year term commitment, and a resulting total monthly spend of \$300 or more (excluding taxes, surcharges and other fees):

- a) any Voice Service;
- b) any Data Service; or
- c) Embarq provided Customer Premises Equipment (CPE) with EMBARQ™ CenturionSM Maintenance.

Services with no tariffed term commitment period can be combined with term commitment services in other service categories to achieve the minimum monthly spend amount under this promotion.

If all services ordered under a given service category do not have a tariffed term commitment period, none of the services in that category are eligible for the rebate.

- a) For subscription to one of the three categories of service, the rebate amount will be equal to the monthly recurring charges for the qualifying service(s) within that category under a term commitment of one year or greater or subscription to more than one of the categories of service with a one year or two year term commitment;
- b) For subscription to three of the three categories of service, the rebate amount will be equal to 1.5 times the monthly recurring charges for the qualifying service(s) purchased within those categories with a three year or greater term commitment for Voice Service(s), Data Service(s), and Embarq provided Customer Premises Equipment (CPE) with EMBARQ™ CenturionSM Maintenance.
